Chapter 1

ANNUAL REPORT PURPOSE, BACKGROUND & APPLICABLE REQUIREMENTS AND MANDATE

PURPOSE

The Purpose of the annual report is to provide record of the activities of the Municipality during the year 2019/20 financial year. It also provides the report of the performance of the Municipality against the budget as well as to promote accountability to the local community for the decisions made throughout the year.

BACKGROUND

Municipal Finance Management Act (Act No 56 of 2003) requires the Municipality for each financial year to prepare an annual report in accordance with chapter 12 of this act. Port St Johns Local Municipality adopted a Policy for Performance Management System in 2014 as a guiding tool for monitoring and evaluating of its performance.

The Municipality recognizes the significance of having a Performance Management System not only as a legal requirement in terms of the applicable laws, but as an important instrument of corporate governance which aims at ensuring that a process of goal setting in the work place is followed by a systematic success measuring process. During 2016/2017 financial year the municipality slowly started the cascading of performance management system by introducing this aspect to the staff below senior management but experienced some challenges.

APPLICABLE LEGISLATIVE REQUIREMENT/S AND MANDATE

Section 46 of the Municipal Systems Act states that;

(1) A municipality must prepare for each financial year a performance report reflecting: -

- (a) The performance of the municipality and of each external service provider during the financial year;
- (b) A comparison of the performances referred to in paragraph (a) with targets and performances in the previous financial year, and
- (c) Measures taken to improve performance

(2) An Annual Performance report must form part of the municipality's Annual report in terms of Chapter 12 of the Municipal Finance Management Act (56 of 2003).

The financial years contained in this report are explained as follows: -

Year -1: The previous financial year;

Year 0: The financial year of reporting;

Year 1: The following year, mostly requires future targets; and

The other financial years will follow a similar sequence as explained above.

Chapter 1

CHAPTER 1 – MAYOR’S FOREWORD AND EXECUTIVE SUMMARY

COMPONENT A: MAYOR’S FOREWORD

MAYOR’S FOREWORD

It is a great privilege to present to our stakeholders the 2019/2020 Annual Report. It is quite pleasing to have managed to compile this report to a very challenging year of hopelessness and restrictions, of disruptions and cessation of services. However, because we are a government with a mandate we are forced to rise above all those challenges to make this submission to our stakeholders and communities to account on the work that we have done in the financial year.

The Local Government sphere is known to be the closest to the people and it has to master the ability to explain issues that affect other spheres of Government. Local Government has numerous legislations regulating the affairs of Municipalities, and giving out directions at which Councils should drive service delivery.

Indeed, Port St Johns Municipality has travelled a long way in order to be where it is today and through joint efforts we continue taking fulfilling decisions and actions. We wish to acknowledge all the strides that have been made to improve our road network and all the infrastructure developments that have been fulfilled. We welcome the construction of new roads in our municipal area with certainty that these roads will improve the lives of our people. Our Local Economic Development is also taking a turn for the better. We are starting to notice the efforts of making this town an economic and tourism hub as well as the support given to small businesses. We welcome the purchasing of three properties by the municipality, thus fulfilling a greater part of the municipality’s developmental agenda. With this annual report we are also taking note of financial improvements, which include the compilation of general valuation roll and importantly operating on a funded budget.

Together with residents of Port St Johns Local Municipality we should continue to give direction on how should we handle our matters so that a well-crafted resolution can be arrived at. Our strategic vision remains delivering services to our people in a well-coordinated, consultative and efficient way. With this vision, we aspire to do well for our communities, learn from them and be the servants of change.

Thank you to each and every employee who is working to make excellent service delivery happen, and to ensure that this great town becomes even better. This annual report allows us to reflect on the

Chapter 1

work we have done. Yet it must also inspire all of us to work even harder, because there is still so much more to be done to bring greater parity of services across the municipality through redress and investment.

In light of the above, I wish to encourage the Municipal Administration to remain committed to rendering services and workers to work closely to the aspirations of the council. Accordingly, clarification of roles will continue to be at the foreplay so that each sector continues to be relevant.

Various meetings with various stakeholders have been held. In these meetings there were a number of challenges, problems and lack of cohesion. I take this opportunity and appeal to the entire council to join hands with communities in ensuring that service delivery is improved and that the municipality goes an extra mile to improve its intergovernmental relations.

Having interacted with our communities, we commit that our council is on track and together we shall achieve more. We appreciate the good work that is being done by our management, workers, Ward Committees and Community Development Workers.

We continue putting strides to improve our conditions and address our challenges. Basic Service Delivery and Local Economic Development remain key priorities in our agenda. Our Posture should continue to attract investor confidence and drive Local Economic Development in a sustainable way.

Ours is to walk the talk patiently, Victory is certain.

Cllr. N. Mlombile-Cingo

Hon. Mayor

Chapter 1

COMPONENT B: EXECUTIVE SUMMARY

FOREWORD BY MUNICIPAL MANAGER

For three consecutive years Port St. Johns has obtained a qualified audit opinion. We continue to implement the Audit Action Plan to correct what came as a finding in the past Audit year as contained in our Audit Report.

We have welcomed with great appreciation the assessment results of our Integrated Development Plan, in which our IDP was rated high. We have commenced with the review of our IDP for 2021/22 knowing we have the capacity to produce a credible and compliant IDP which can be used for benchmarking. Be that as it may, the review of the IDP remained essential in order to ensure effective service delivery and drive strategic projects in the Municipal area.

Limited financial resources continued to handicap the municipality in terms of rendering services to its communities. Lack of infrastructure and proper sanitation services remains a major challenge in this municipality as it impacts on the much needed development of our town. The true potential of this town remains untapped due to backlogs that are directly linked to service delivery.

Creating jobs and empowering our people are some of the core functions that characterise Port St. Johns Municipality, which is why we are doubling our efforts in ensuring that emerging businesses are also benefiting in our processes. We have hosted a number of empowerment workshops to advance local entrepreneurs and the same efforts continue to the next financial year. As the administration, we continue with our search to find amicable solutions by forging partnerships aimed at accelerating service delivery, fighting poverty and unemployment, skills development and creating a safe and healthy environment for the people of Port St Johns.

Chapter 1

The implementation of key high impact projects in the Municipality, which are set to create thousands of investment and employment opportunities, are at an advanced planning stage. These projects often referred to as catalytic projects, are not only the backbone for the Municipality's economy, but some of them will transform the Municipality's landscape forever. The Municipality is poised for massive economic growth over the next 10 to 20 years creating hundreds of permanent jobs.

The overall achievements made during the financial year, were not one without challenges. The main challenges that were faced by the Municipality in 2019/20 included corona virus outbreak, and budget limitation.

I would like to express my heartfelt gratitude to the political leadership of this institution for their continued support as well as the administration at large for their hard work and commitment. I wish to thank various stakeholders including business for the role they have played in continuing to grow the Town and its economy to ensure a better quality of life for all residents. I hope we can continue to work together to do great things so as to strengthen accountability towards improved service delivery and sustainable change.

Mr. H.T. Hlazo
Municipal Manager

Chapter 1

MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

INTRODUCTION TO BACKGROUND DATA

INTRODUCTION TO BACKGROUND DATA

Port St Johns Municipality is a category B Municipality, situated on the coast of the Indian Ocean in the largely rural Province of the Eastern Cape. It is bounded by Lusikisiki in the north, Libode in the west and Mthatha in the south. This municipality is one of the coastal municipalities within the OR Tambo District Municipality.

- One of the 5 municipalities in the OR Tambo DM
- Wild coast
- Port St Johns is the sole urban node
- Spatial extent covers 1,291 km² divided into 20 wards

The municipality spans a total area of 1,291km² (8800 hectares) and comprises of 20 wards. It has a total population of over 168 000 consisting mainly of Blacks (99%). The remaining 1% is composed of Whites, Coloureds and Indian/Asian ethnic groups.

Port St John's is known for its beautiful beaches, mountainous terrain with Hills, Cliffs and sandy Dunes. The municipality's beautiful scenery, its natural vegetation and pristine beaches referred to above are main attractions for tourism. It has land for commercial use and environmentally-friendly residential areas. There are 1053 types of plants and 164 plant families found around Port St John's. Five of these plant families and 196 plant types are only

Chapter 1

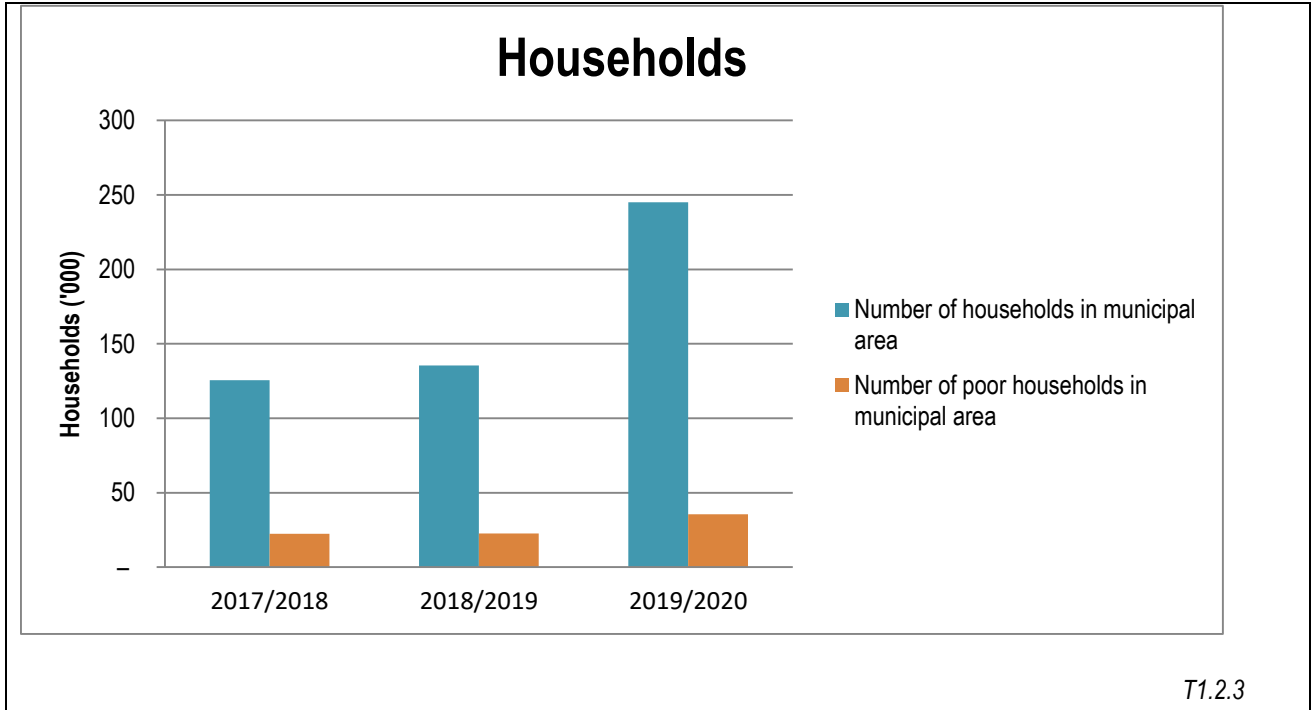

found in the Pondoland area, of which Port St John's is the heart. This unique vegetation harbours rare bird species, providing evidence of the rich biodiversity in Port St John's.

The municipality has two key economic sectors: tourism and agriculture. In terms of commercial and economic activity, the municipality is growing at a steady pace.

COMMENT ON BACKGROUND DATA:

We have roughly 33 600 households of which 91% earn less than R19 200 per annum and only 1.7% has an income of more than R76 800 per annum. According to the census conducted in 2016, we have roughly 166 134 people. The overwhelming majority of these people i.e. 97.4% live in the rural areas of the municipality, while only 2.6% are classed as urban. There is one urban centre and 130 villages. We also have a young population with almost 45% between the ages 5-19 years i.e. school going age.

T 1.2.8

Chapter 1

SERVICE DELIVERY OVERVIEW

SERVICE DELIVERY INTRODUCTION

The OR Tambo District Municipality is the Water Services Authority and Water Services Provider responsible for planning, implementation, and operation and maintenance of water and sanitation services within the 5 Local Municipalities in its jurisdiction. The DM has not delegated any of its functions to the Port St John's local municipality. The municipality is characterised by huge service delivery backlogs which are also substantial increased by unplanned settlement growths. This is evident when comparing electricity backlogs and general access to electricity which dropped from estimated 82% in 2007 to an estimated 72% in the current year. The state and capacity of existing infrastructure has become a constraint to growth and development.

The Municipality only provides roads and associated infrastructure services. Other services are provided by other government institutions, and Port St Johns Municipality mainly plays a coordinating role.

COMMENT ON ACCESS TO BASIC SERVICES:

The OR Tambo District Municipality is both the Water and sanitation Services Authority and Water and sanitation Services Provider responsible for planning, implementation, operation and maintenance of water and sanitation services within the five Local Municipalities. In terms of the powers and functions the District Municipality is therefore responsible for the development and the implementation of its water services by-laws, District Wide Water and sanitation Master plans, Water Conservation & Water Demand Management.

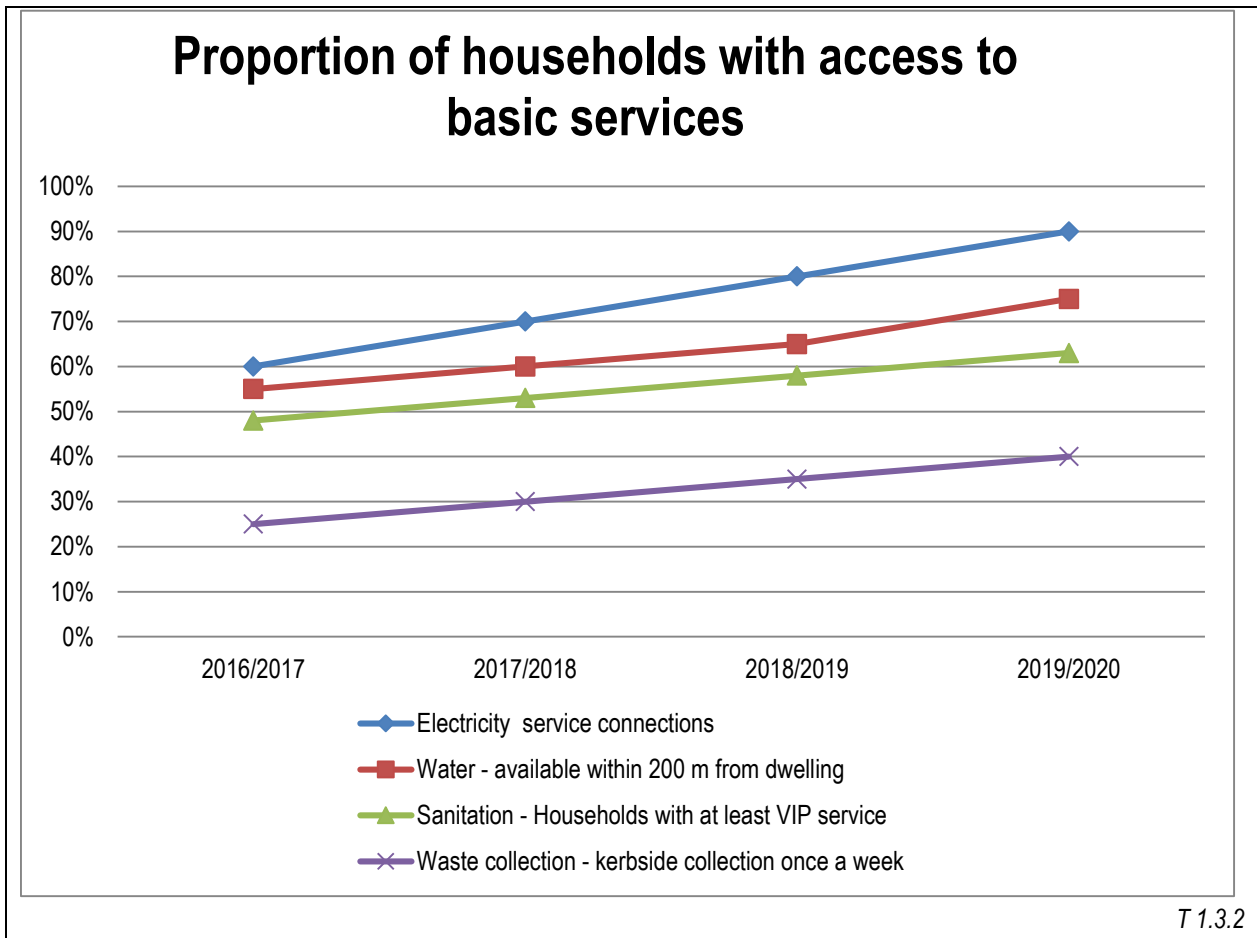

O.R. Tambo District Municipality is a grant dependant municipality and most of its water capital projects are funded through the Municipal Infrastructural Grant (MIG) which the Department of Cooperative Government and Traditional Affairs (COGTA), National and Provincial Treasury have micro control. The district is unable to meet its backlog and to properly maintain the existing infrastructure.

Port St John's Local Municipality plays a facilitation role in water and sanitation services.

T 1.3.1

Chapter 1

Proportion of Households with minimum level of Basic services				
	2016/2017	2017/2018	2018/2019	2019/2020
Electricity service connections	60%	70%	80%	90%
Water - available within 200 m from dwelling	55%	60%	65%	75%
Sanitation - Households with at least VIP service	48%	53%	58%	63%
Waste collection - kerbside collection once a week	25%	30%	35%	40%

Chapter 1

COMMENT ON ACCESS TO BASIC SERVICES:

The OR Tambo District Municipality is the Water Services Authority and Water Services Provider responsible for planning, implementation, and operation and maintenance of water and sanitation services within the 5 Local Municipalities in its jurisdiction. The DM has not delegated any of its functions to the local municipality.

The municipality is characterised by huge service delivery backlogs. These backlogs are also substantial increased by unplanned settlement growths. This is evident when comparing electricity backlogs and general access to electricity which dropped from estimated 82% in 2007 to an estimated 72% in the current year. The state and capacity of existing infrastructure has become a constraint to growth and development.

The Municipality only provides roads and associated infrastructure services. Other services are provided by other government institutions, and Port St Johns Municipality mainly plays a coordinating role.

COMMENT ON ACCESS TO BASIC SERVICES:

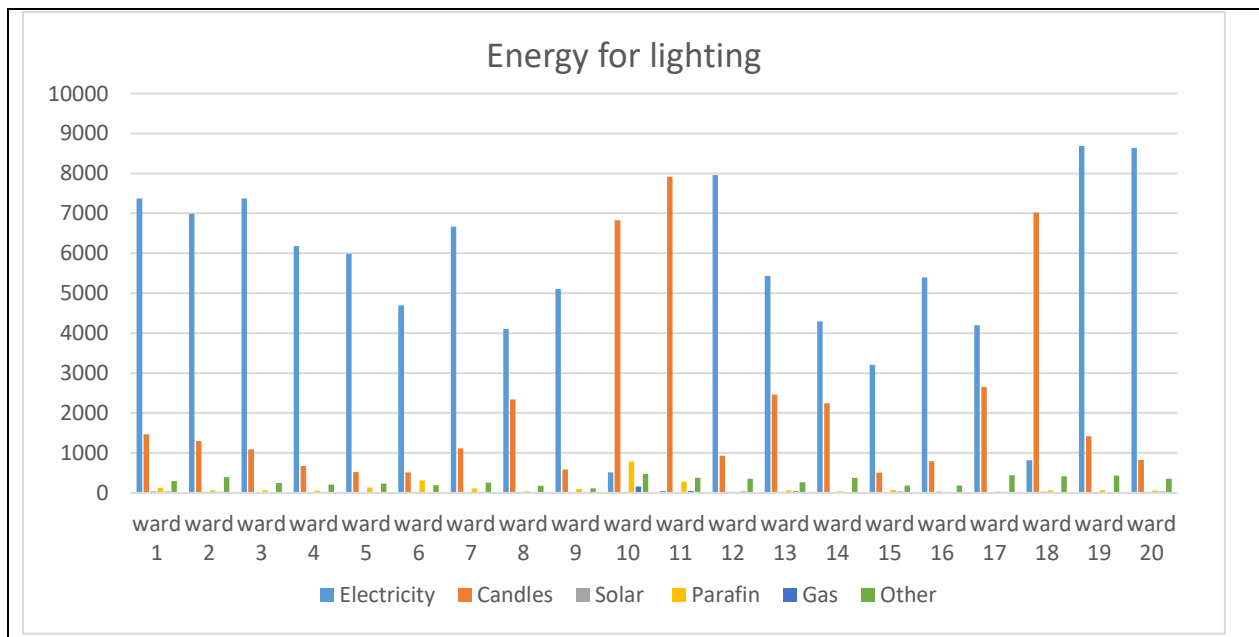

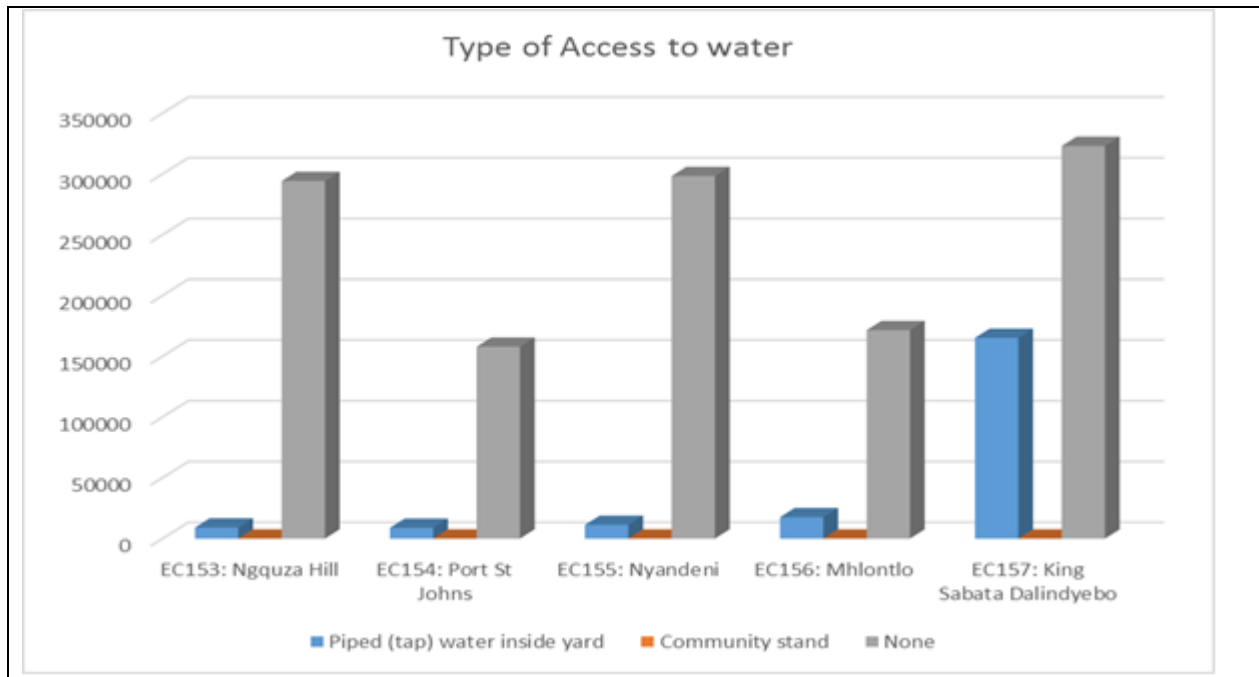

The O.R. Tambo District Municipality is both the Water and sanitation Services Authority and Water and sanitation Services Provider responsible for planning, implementation, operation and maintenance of water and sanitation services within the five Local Municipalities.

In terms of the law the District Municipality is therefore responsible for the development and the implementation of its water services by-laws, District Wide Water and sanitation Master plans, Water Conservation & Water Demand Management.

O.R. Tambo District Municipality is a grant dependant municipality and most of its water capital projects are funded through the Municipal Infrastructural Grant (MIG) which the Department of Cooperative Government and Traditional Affairs (COGTA), the Department Local Government and Traditional Affairs (DLGTA), National Treasury and Provincial Treasury have micro control. The district is unable to meet its backlog and properly maintain existing infrastructure.

T 1.3.3

Chapter 1

Chapter 1

FINANCIAL HEALTH OVERVIEW

FINANCIAL OVERVIEW

The municipality managed to turn around its cash flow problems; it is now able to pay its creditors within 30 days.

There is a need for improvement in the Municipality's contract management in order to better manage our contracts.

There were no successful challenges to any bid adjudication decisions due to fair and accurate Supply Chain Management processes followed by the municipality. Our SCM policy was revised to close gaps that affected our local small businesses and to accommodate the latest developments on laws and regulations. The annual budget and adjustment budget is funded and cash backed and this has been confirmed by Treasury. All Budgets related policies were then adopted by Council during budget approval in May 2019.

Challenges

Low debt collection due to economic downturn as a result of Covid -19 restrictions.

Maintenance of accurate customer data that is verifiable.

Action to address challenges: -

Port St John's Municipality has appointed a service provider to assist in debt collection for a period of three years.

The municipality have engaged on a data cleansing project in order to improve the quality of data, through the General valuation roll.

T 1.4.1

Financial Overview: Year 0 (2019/2020)			
			R' 000
Details	Original budget	Adjustment Budget	Actual
Income:			
Grants	237,808	260,622	231,650
Taxes, Levies and tariffs	276	1,050	568
Other	37,633	53,702	18,882
Sub Total	275,717	315,374	251,100
Less: Expenditure	171,279	175,526	160,249
Net Total*	104,438	139,848	90,851
* Note: surplus/(deficit)			T 1.4.2

Chapter 1

COMMENT ON FINANCIAL OVERVIEW:

Grants are inclusive of capital and operational budget. The municipality had a budget of R260,622 and the actual of R231,650 because of covid -19 challenges that affected the operations. The other amount was transferred to Port St John's Development Agency. On taxes, levies and tariffs the municipality had a budget of R1050 and actual of R568. On other revenue the municipality had a budget of R 53,702 and actual of R18,882. Expenses had a budget of R175,526 and actual of R160,249. This was caused by the covid-19 challenges which affected all areas of operation.

T 1.4.2.1

Operating Ratios	
Detail	%
Employee Cost	46%
Repairs & Maintenance	1%
Finance Charges & Impairment	0%
	T 1.4.3

. COMMENT ON OPERATING RATIOS:

Employee Costs' expected to be approximately 40% maximum to the total operating cost in terms of Treasury norms, however the municipality is sitting 46% due to the attempts to meet some of the labour demands and the growth of the municipality.

Repairs and maintenance is below the norm of 8% as required by treasury sitting at 1% because most of the municipal movable assets were under service plan and also have low revenue base to maximise the income.

Finance Charges are sitting at 0.36% due to bank charges incurred; but the municipality did not engage in any loans or hire purchase agreements that would have increased our finance charges.

T 1.4.3

Chapter 1

Total Capital Expenditure: Year -2 to Year 0			
			R'000
Detail	Year -2 (2017/18)	Year -1 (2018/19)	Year 0 (2019/20)
Original Budget	60,339	83,420	102,460
Adjustment Budget	60,339	83,420	124,436
Actual	50,927	93,325	74,499
			T 1.4.4

COMMENT ON CAPITAL EXPENDITURE:

Capital expenditure is comprised of Municipal Infrastructure Grant funded projects, Integrated National Electrification Programme and Small town revitalization. The variance in 2019/20 financial year was due to MIG projects which were delayed on procurement stage and as a result of Covid- 19 pandemic that has affected operations. At year end the capital expenditures were MIG 69%, INEP 67% and Small town revitalization 87% of the amount received. The remainder of 19% was committed at year end.

T 1.4.4

Chapter 1

ORGANISATIONAL DEVELOPMENT OVERVIEW

ORGANISATIONAL DEVELOPMENT PERFORMANCE

ORGANISATIONAL DEVELOPMENT PERFORMANCE

The Municipality has made strides to ensure that budgeted critical positions are identified and filled but experienced some delays in the appointment of the Chief Financial Officer which was not finalised in time. Processes for the review of the organisational structure were initiated but not finalised within the reporting year hoping for the final product in the next financial year (2019/20). The draft staff establishment has been developed and consultations with relevant stakeholders were also done. In year 2014 the performance management system was introduced in the institution. The following financial years concentrated in improving the system in the institution focusing mainly on compliance matters. Implementation of the performance management remained a challenge but there are strides to address challenges which includes policy review.

18	Oversight report is submitted to relevant provincial councils	
19	Commencement of draft Budget/ IDP finalisation for next financial year. Annual Report and Oversight Reports to be used as input	January

T 1.7.1

Chapter 1

COMMENT ON THE ANNUAL REPORT PROCESS:

Annual report is the key reporting instrument for departments to give report against the performance targets and budgets outlined in their strategic plans and Municipal Budget allocations. Annual report is therefore required to contain information on service delivery as contained in the SDBIP of the year under review, in addition to financial statements and the audit report.

It is meant to be a backward-looking document, focusing on performance in the financial year that has just ended. It also reports on how the budget for that financial year was implemented as well as the challenges encountered throughout.

In terms of section 121(1) of the MFMA, every municipality and municipal entity must prepare an Annual Report for each financial year. The purpose of the Annual Report is to provide a record of activities, report on performance against the budget and promote accountability to the local community for the decisions made throughout the year.

The Mayor must submit the Annual Report within 7 months after the end of the financial year. Thereafter, Council is required to consider the Annual Report and the oversight report on the Annual Report within 9 months after the end of the financial year, i.e. before the end of March.

The 2019/20 Integrated Annual Report, was compiled in terms of the MFMA and the Municipal Systems Act, 32 of 2000 (MSA), MFMA National Treasury Circular 63 read in conjunction with MFMA National Treasury Circular 11, and National Treasury Revised Annual Reporting template requirements. It reflects the financial and non-financial performance of the Municipality and its entity for the period 1 July 2019 to 30 June 2020 against the approved 2019/20 Budget and Service Delivery and Budget Implementation Plan (SDBIP).

T 1.7.1

Chapter 2

CHAPTER 2 – GOVERNANCE

INTRODUCTION TO GOVERNANCE

- Good governance remains key priority area within the local government. There are key areas that have been earmarked for attention in terms of improving good governance in the municipality including:
- Stabilizing council and its administration with a view to improving its public image.
- Achieving a clean audit within the next two years.
- Responding to MEC assessment and assessment action plan.
- Automation and cascading of PMS to lower levels.
- Training and provision of administrative support to ward councillors and CDWs to improve effective public participation.
- Improving cooperative governance through revitalizing the IGR especially aimed at improving cooperation between the municipality and sector departments in the planning and delivery of development programmes.
- Promotion of public participation through setting up a dedicated desk and reaching out to traditional leaders and other strategic partners.
- Fighting corruption
- Improvement of intergovernmental relations and effectiveness through training and continuous engagement via IGR.

T 2.0.1

Chapter 2

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

POLITICAL GOVERNANCE

INTRODUCTION TO POLITICAL AND ADMINISTRATIVE GOVERNANCE

POLITICAL GOVERNANCE

Council is the highest decision making body in a municipality and seats every quarter unless a special Council meeting is arranged by the Speaker to consider urgent matters.

For purposes of administering political oversight the Council is supported by eight Standing Committees (Section 80 Committee) which are each chaired by a nominated Councillor. In addition to the Standing Committee, there are also Section 79 Committee with specific tasks assigned to them by Council as contained in the delegation of responsibilities policy. Municipal Public Accounts Committee (MPAC) is available and there is an on-going programme to capacitate its members. MPAC performs its responsibilities assigned to it by the Council but the resources remain a challenge.

We do have a functional Audit & Risk Committee (AC) of four members that provides additional assurance and awareness to Council through a process of independent review, however at year end there were three members. This Committee has managed to perform its task in the year 2019-2020, and missed one sitting due to the institutional challenges experienced.

The Municipality has a shared Internal Audit (IA) service with O.R. Tambo District Municipality which reviews our internal controls quarterly. Management have tried to maintain the qualified opinion in the previous year and hope that working together with Political leadership will try to improve moving forward.

Note: MFMA section 52 (a): The Mayor must provide general political guidance over the fiscal and financial affairs of the municipality.

Chapter 2

ADMINISTRATIVE GOVERNANCE

The Municipal Manager is the principal accounting officer employed in terms of section 57 of the Municipal Systems Act 32 of 2000. The Municipal Manager reports direct to Council and is supported by five senior manager appointed in terms of section 57. The senior managers and the Accounting Officer are contracted for a four-year term. The Municipality has six directorates, each is headed by a section 57 manager (Senior Manager). The municipality is organizationally arranged into the following line functions: -

1. Municipal Manager's office
2. Engineering & Planning Services (Engineering and Infrastructure Development).
3. Community Services
4. Budget and Treasury (Financial Services)
5. Corporate Services
6. Local Economic Development

There are eight traditional leaders sitting in council from the local traditional councils. The traditional leadership that is part of the council was;

Mr S. Langa

Mrs G. Lulu

Mr J.Z. Ndabeni

Mrs X.P. Malindi

Mr M.Z. Ndamase

Mrs N.S. Ndamase

Mr S. Msungubali

Mr N. Sigcau

Chapter 2

POLITICAL DECISION-TAKING

Political decisions are taken in a form of Council resolutions through voting system. Council successfully implemented the rules of order of Council to ensure the smooth running of its meetings and compliance to relevant legislations. Council also implemented the delegation of responsibilities policy and monitored all delegations by ensuring that they are reported to Council for final decision making. The reporting lines were observed to ensure proper processing of reports and other related information submitted to Council for decision making. Almost 90% of decisions taken by Council were implemented with the remaining still to be processed.

Develops, co-ordinate and manage the operations of the Local Economic Development and Tourism sub-sections; Manages developmental project management processes associated with scoping, resourcing, implementation, monitoring and communication; Prepares reports on the activities of the component, as and when required to do so.

COMPONENT B: INTERGOVERNMENTAL RELATIONS

INTRODUCTION TO CO-OPERATIVE GOVERNANCE AND INTERGOVERNMENTAL RELATIONS

Intergovernmental Relations

Platform is created to ensure that there is budget alignment, coordinated planning and approach to service delivery. PSJ Mayor chairs our local IDP, Budget & IGR forum which meets quarterly to discuss and evaluate progress on the implementation of plans that are committed in the IDP and departmental annual plans (SDBIPs). In the local IGR Forums, the municipality is represented by the Executive Committee (EXCO) with the Mayor as the chairperson of the forum, Management led by the Municipal Manager. The major challenges towards ensuring an effective IGR forum are the participation of government departments which do not attend nor submit reports in time or at all. The other challenge that affected IGR was the fact that it was incorporated into the IDP, Budget and PMS forum and this diverted focus and interests of stakeholders. We have since identified the gap and a decision was taken to separate IGR from the IDP, Budget & PMS forum so as to ensure effective participation of stakeholders on IGR issues.

T 2.3.0

2.3 INTERGOVERNMENTAL RELATIONS

NATIONAL INTERGOVERNMENTAL STRUCTURES

The MEC for Cooperative governance & Traditional Affairs represents local government at National intergovernmental structures. Decisions from this level are cascaded to Municipalities through political MuniMec. Municipalities are further represented at national level through SALGA which is an association of Municipalities.

T 2.3.1

PROVINCIAL INTERGOVERNMENTAL STRUCTURE

The Municipality actively participates in IGR platforms at the Provincial level through MuniMecs (Technical and Political). At Technical MuniMec the Municipality is represented by the Municipal Manager, and at Political MuniMec the Municipality is represented by both the Mayor & Municipal Manager. The Municipality also participates in all SALGA working groups. The Municipal Manager is also a member and an active participant of the Municipal Manager's forums.

DISTRICT & LOCAL INTERGOVERNMENTAL STRUCTURE

Port St Johns Municipality as the local sphere in local government co-ordinates the sitting of the Intergovernmental Relations forum. This forum is functional with its meetings convened quarterly but during the reporting year.

T 2.3.2

COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

OVERVIEW OF PUBLIC ACCOUNTABILITY AND PARTICIPATION

Council promotes local democracy and community involvement in its affairs by facilitating capacity building and establishing operational mechanisms for ensuring public participation in planning, project implementation and general Council affairs. The Municipality has a communication strategy that was adopted in 2011, this is a comprehensive communication and public participation strategy that among other things will inform the participation of traditional leaders not part of Council in governance matters and the general public. During the financial year under review, communication and participation strategy was reviewed to ensure that communication strategy is a standalone document with clear focus on communication.

T 2.4.

2.4 PUBLIC MEETINGS

COMMUNICATION, PARTICIPATION AND FORUMS

Council resolved that the Mayor must hold at least one outreach per quarter alternated throughout the wards with reports submitted to Council for consideration. These outreaches exclude the IDP and Budget road shows, IDP representative forums and IGR forums. This resolution is still standing and has been complied with since the previous and during the current term. Ever since the Municipality started the outreach programs, public participation has improved.

T 2.4.1

WARD COMMITTEES

Port St John's Municipality has 20 wards each established a 10-member ward committee structure. The main purpose of these committees is to link communities with Council and also champion all development work in their respective areas. The municipality sets aside from its operational budget resources to constantly capacitate ward committees and payment of stipend. The municipality has conducted training for 200 ward committee members on issues of governance and IDP. Ward committees are the core members of the IDP representative forum. Consultation is specifically done with each of the 20 ward committees when updates are done to the ward plans and project priority for their respective wards.

Most wards are allocated Community Development Workers (CDWs) who assist the ward committees with compilation and submission of reports on community development needs and progress. CDWs also assist with conducting basic research aimed at supporting the work of ward committees. It is common for each CDW to attend to a minimum of 10 to 15 cases per month in each ward. CDWs form part of the municipal gatherings especially those involving IDPs and make a valuable contribution thereto. The office of the Speaker and ward councillors monitor and elevate issues emanating from the monthly ward committee meetings with constant feedback being provided to the ward committees of which CDWs are part of. Ward Committees hold their monthly ward committee meetings & quarterly public meetings in maximising public participation. The outcomes of these meetings are then processed to form reports and submitted to the office of the Speaker for review and decision making and or interventions where necessary.

<i>T 2.4.3</i>						

COMMENT ON THE EFFECTIVENESS OF THE PUBLIC MEETINGS HELD:

The meetings that are continuously convened by the municipality have proved to be one of the best ways to improve communication and the relations between the municipality and the community. The number of protests have noticeable been reduced as a result of frequent consultation and creation of accountability platform.

T 2.4.3.1

2.5 IDP PARTICIPATION AND ALIGNMENT

During the Integrated Development Plan (IDP) compilation process, IDP Steering Committee and IDP Representative forum meetings are convened to consider IDP priorities. Once a draft IDP and draft Budget are tabled to Council, IDP and Budget Roadshows/Imbizo's are convened where all wards are visited by the Executive Committee. In these road-shows the draft documents are presented and community comments are sought, and where applicable, necessary changes are made prior to the final adoption. There are also constant engagements with the key stakeholders (Ratepayers Association; Chaguba Community Property Association; Traditional Leaders, etc.) whenever matters arise.

During the reporting period the central Imbizo's were conducted in a form of IDP and Budget reviews for all our wards. The Council has successfully convened its strategic planning session and subsequently a management planning session to develop SDBIP was convened. This was preceded by the successful convening of four IDP representative forums during the year.

The tabling of the draft IDP & draft budget to Council was delayed as such it was considered on the 28 May 2020 and the final IDP & Budget documents were approved by Council on the 22 June 2020.

IDP Participation and Alignment Criteria*	Yes/No
Does the municipality have impact, outcome, input, output indicators?	Yes
Does the IDP have priorities, objectives, KPIs, development strategies?	Yes
Does the IDP have multi-year targets?	Yes
Are the above aligned and can they calculate into a score?	Yes
Does the budget align directly to the KPIs in the strategic plan?	Yes
Do the IDP KPIs align to the Section 57 Managers	Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?	Yes
Do the IDP KPIs align with the provincial KPIs on the 12 Outcomes	Yes
Were the indicators communicated to the public?	Yes
Were the four quarter aligned reports submitted within stipulated time frames?	Yes
* Section 26 Municipal Systems Act 2000	T 2.5.1

COMPONENT D: CORPORATE GOVERNANCE

OVERVIEW OF CORPORATE GOVERNANCE

The municipality had an Audit & Risk Committee of four members to oversee the effective management of Risks of all our municipal operations – this includes compliance with all applicable legislations and regulations and supervision of operational internal controls; financial management; and human resources. The Audit & Risk Committee term is functional with at least four quarterly sittings in financial year. Furthermore, we are audited by the Auditor General which in turn provides opinion on how the municipality performed.

Audit & Risk Committee members;

Mr Loyiso Galada	-	Chairperson
Mr Sakhiwo Nelani	-	Member
Mr Mlimi Mzini	-	Member
Advocate Simthandile Gugwini-Peter	-	Member

T 2.6.0

2.6 RISK MANAGEMENT

RISK MANAGEMENT

Risk management is about identifying, avoiding or mitigating threats that will lead to losses. It is a systematic process of identifying, analyzing, evaluating, treating, monitoring and communicating the risks associated with the organization. Risk management is important for the achievement of the municipality's objectives as per IDP. Risk management is a managerial function, individual sections and departments differ in their exposure and reaction to risks therefore sections, departments and individuals form a vital part of the overall risk management process within the municipality.

The municipality established a Risk Management Committee that sits on a quarterly basis but the committee was not functional and this led to the risk management function not performing to the expected level. The municipality has also developed a risk policy and a risk management Charter which were approved by Council on the 27 June 2017. Both the Charter and the policy were implemented during the reporting financial year. This function does not have a dedicated personnel within the Municipality but relies to the support from O.R. Tambo which has not been good in 2019/20. The new draft staff establishment has accommodated the position of the Risk Management Officer to ensure smooth coordination of the risks within the Municipality. Risk assessment was conducted and subsequently the strategic risk register developed. Amongst the risks that were identified the municipality identified; Non-compliance with legislative requirements; Inadequate monitoring of projects; supervision or monitoring of municipal expenditure; Non-adherence to IDP Process plan; We did not successfully implement our Risk Management policy but efforts were made to ensure that the risks identified are mitigated on a quarterly basis.

T 2.6.1

2.7 ANTI-CORRUPTION AND FRAUD

FRAUD AND ANTI-CORRUPTION STRATEGY

Port St Johns Municipality subscribes to the principles of good corporate governance, which requires the conducting business in an honest and transparent fashion. Consequently, Port St John's is committed to fighting fraudulent behavior at all levels within the organization. The municipality has an approved fraud prevention plan that is intended to assist in preventing, detecting, investigating and sanctioning fraud and corruption.

The main principles upon which this plan is based on are; Creating a culture which is ethical and intolerant to fraud and corruption; Deterrence of fraud and corruption; Preventing fraud and corruption which cannot be deterred; Detection of fraud and corruption; Investigating detected fraud and corruption; Taking appropriate action in the event of such irregularities e.g.: disciplinary actions, recovery of losses, prosecution, etcetera: and

Applying sanctions that include blacklisting and prohibition from further employment

T 2.7.1

2.8 SUPPLY CHAIN MANAGEMENT

. OVERVIEW OF SUPPLY CHAIN MANAGEMENT

The municipality has implemented its Supply Chain Management (SCM) Policy, all the bid committees were functional though sometimes there were challenges of sitting caused by other municipal competing activities. The SCM is a small and functional unit but is under staffed. There were no successful challenges of bid adjudication decisions. The Municipality has a challenge of receiving poor responses on adverts posted on the website, local newspaper and notice boards, this causes delays on procurement process.

T 2.8.1

2.9 BY-LAWS

By-laws Introduced during Year 0					
Newly Developed	Revised	Public Participation Conducted Prior to Adoption of By-Laws (Yes/No)	Dates of Public Participation	By-Laws Gazetted* (Yes/No)	Date of Publication
None	none	n/a	n/a	n/a	n/a
None	none	n/a	n/a	n/a	n/a

COMMENT ON BY-LAWS:

There were no new by-laws introduced during the reporting year. New by-laws were identified at LED, Community services, Engineering services but not yet developed.

T 2.9.1.

2.10 WEBSITES

Municipal Website: Content and Currency of Material

<i>Note: MFMA s75 sets out the information that a municipality must include in its website as detailed above. Municipalities are, of course encouraged to use their websites more extensively than this to keep their community and stakeholders abreast of service delivery arrangements and municipal developments.</i>		T 2.10.1

COMMENT MUNICIPAL WEBSITE CONTENT AND ACCESS:

The website was not fully functional during the 2019-20 financial year, previously the functionality of the website was hampered by several factors and this affected compliance with MFMA section 75, but with the assistance of a dedicated service provider the Municipality has managed to ensure functionality of the website and that there is continuous improvement on the website to make sure it serves ratepayers and other stakeholders efficiently. There is timeous upload of statutory documentation in compliance with MFMA section 75.

T 2.10.1.1

2.11 PUBLIC SATISFACTION ON MUNICIPAL SERVICES

PUBLIC SATISFCATION LEVELS

Apart from the community surveys done during 2016-2017 financial year, the municipality has been getting comments from the public through Mayoral outreach programs and ward committee meetings. The Municipality has limited resources to address all the service delivery challenges and backlogs that are raised by the public.

T 2.11.1

Satisfaction Surveys Undertaken during: Year -2018/2019 and Year 2019/2020				
Subject matter of survey	Survey method	Survey date	No. of people included in survey	Survey results indicating satisfaction or better (%)*
Overall satisfaction with:				
(a) Municipality	n/a	n/a	n/a	n/a
(b) Municipal Service Delivery	n/a	n/a	n/a	n/a
(c) Mayor	n/a	n/a	n/a	n/a
Satisfaction with:	n/a	n/a	n/a	n/a
(a) Refuse Collection	n/a	n/a	n/a	n/a
(b) Road Maintenance	n/a	n/a	n/a	n/a
(c) Electricity Supply	n/a	n/a	n/a	n/a
(d) Water Supply	n/a	n/a	n/a	n/a
(e) Information supplied by municipality to the public	n/a	n/a	n/a	n/a
(f) Opportunities for consultation on municipal affairs	n/a	n/a	n/a	n/a
* The percentage indicates the proportion of those surveyed that believed that relevant performance was at least satisfactory				T 2.11.2

Concerning T 2.11.2: The Municipality did not conduct any new satisfaction survey during reporting period but continued to address community dissatisfaction as indicated in the previous survey done in 2016. The survey conducted looked at all service delivery aspects and among them were water, sanitation, access roads, electricity etc. The community dissatisfaction touched on the area such as poor quality of service provided, delayed response to the community needs etc.

T 2.11.2.1

COMMENT ON SATISFACTION LEVELS:

The Communities raised their concerns during the survey conducted in 2016/17 and did not meet all the needs as raised due to the budget constraints. During the IDP Roadshows and Mayoral outreaches people from all wards register their concerns in all service delivery areas. The Municipality took a record of all the issues and respond through IDP priorities or interventions depending on the nature of the matter reported. We acknowledged the fact that the services provided did not meet all the expectations of the community but we tried our level best to ensure provision of quality services to our people.

T 2.11.2.2

Chapter 3

CHAPTER 3 – SERVICE DELIVERY PERFORMANCE (PERFORMANCE REPORT PART I)

INTRODUCTION

Basic services include water, waste water, electricity, waste management, housing services and free basic services. Port St John's Municipality provides basic services such as waste management, free basic services. Water and waste water services are provided by O.R. Tambo District Municipality. Housing is the responsibility of the department of Human settlement but the Municipality plays a facilitation role to ensure that communities are provided with decent shelter. The Municipality is dependent to Eskom in provision of electricity in Port St John's town and surroundings. Maintenance of street light in town are done by our planning & engineering services department.

T 3.0.1

COMPONENT A: BASIC SERVICES

INTRODUCTION TO BASIC SERVICES

Waste Management

The waste management section is responsible for ensuring that efficient removal of waste in town and surroundings occurs and that our towns, streets and verges are maintained at a desirable level for our communities. This section is also responsible for the management of the land fill site.

In the past there were challenges with ensuring that the service is rendered efficiently due to ageing fleet but the Municipality has since resolved and purchased a new compactor truck. There have been service providers engaged on a contract basis to ensure that the downtime of fleet is reduced significantly. The removal of refuse from the urban area has been adhered to with minimum standards of once per week collection for residential households and commercial properties. The Municipality engaged into a strategy of conducting an annual clean-up campaign where stakeholders and community join hands to clean and educate each other about cleanliness.

Free Basic Services (FBS)

Port St John's Municipality provides electricity free basic service through Eskom, and alternative energy in a form of paraffin or gas. The distribution of free basic services is done guided by the indigent policy, a policy that was approved by council and reviewed annually. The register is compiled for indigent beneficiaries and updated on an annual basis.

Chapter 3

Electricity:

Port St Johns Municipality do regular maintenance of street light in town and surroundings. Eskom provides electricity in the rural areas of Port St John's. Further to that the Municipality received an INEP grant allocation of R9 202 000 for electricity distribution in the rural areas. This is a conditional grant and needs to be utilised accordingly. The overall percentage in terms of communities with access to electricity is + 67% although there is a lot of mushrooming of new connections.

Water services;

Water services delivery strategy and main role-players: OR Tambo District Municipality is the Water Services Authority and Water Services Provider responsible for planning, implementation, operation and maintenance of water and sanitation services within the Port St Johns Municipality.

In terms of the law the District Municipality is therefore responsible for the development and the implementation of its water services by-laws, District Wide Water Master plans, Water Conservation & Water Demand Management and Water Services Master Plan. O.R. Tambo District Municipality is a grant dependant municipality and most of its water capital projects are funded through the Municipal Infrastructural Grant (MIG) which the National & Provincial Department of Cooperative Government and Traditional Affairs (COGTA), National Treasury and Provincial Treasury have micro control. The bulk water supply is funded through the Bulk Infrastructure Grant Funding funded by the Department of Water Affairs (DWA). In terms of the law DWA is the regulator. The Operation and maintenance is funded through the equitable share from the Division of Revenue (DORA) and through own funding;

b. Levels and standards in water services:

In estimating the water backlogs, the following assumptions have been applied:

1. People with piped and borehole water within 200m are deemed to be served.
2. People sourcing water from springs, rainwater tanks, streams, rivers, dams or water vendors are deemed to be unserved.
3. People sourcing water from communal taps, yard taps or any other more basic source are deemed to be not served to a higher level.

Sanitation;

Sanitation services delivery strategy and main role-players

Chapter 3

The O.R. Tambo District Municipality is the Water Services Authority and Water Services Provider responsible for planning, implementation, and operation and maintenance of water and sanitation services within the 5 Local Municipalities. District Municipality is therefore responsible for the development and the implementation of its water services by-laws, sanitation strategy, and the District Wide Sanitation Master Plans. O.R. Tambo District Municipality is a grant dependant municipality and most of its sanitation capital projects are funded through the Municipal Infrastructural Grant (MIG) which the Department of Cooperative Government and Traditional Affairs (COGTA),

The Department Local Government and Traditional Affairs (DLGTA), National Treasury and Provincial Treasury have micro control.

T 3.1.0

3.1. WATER PROVISION

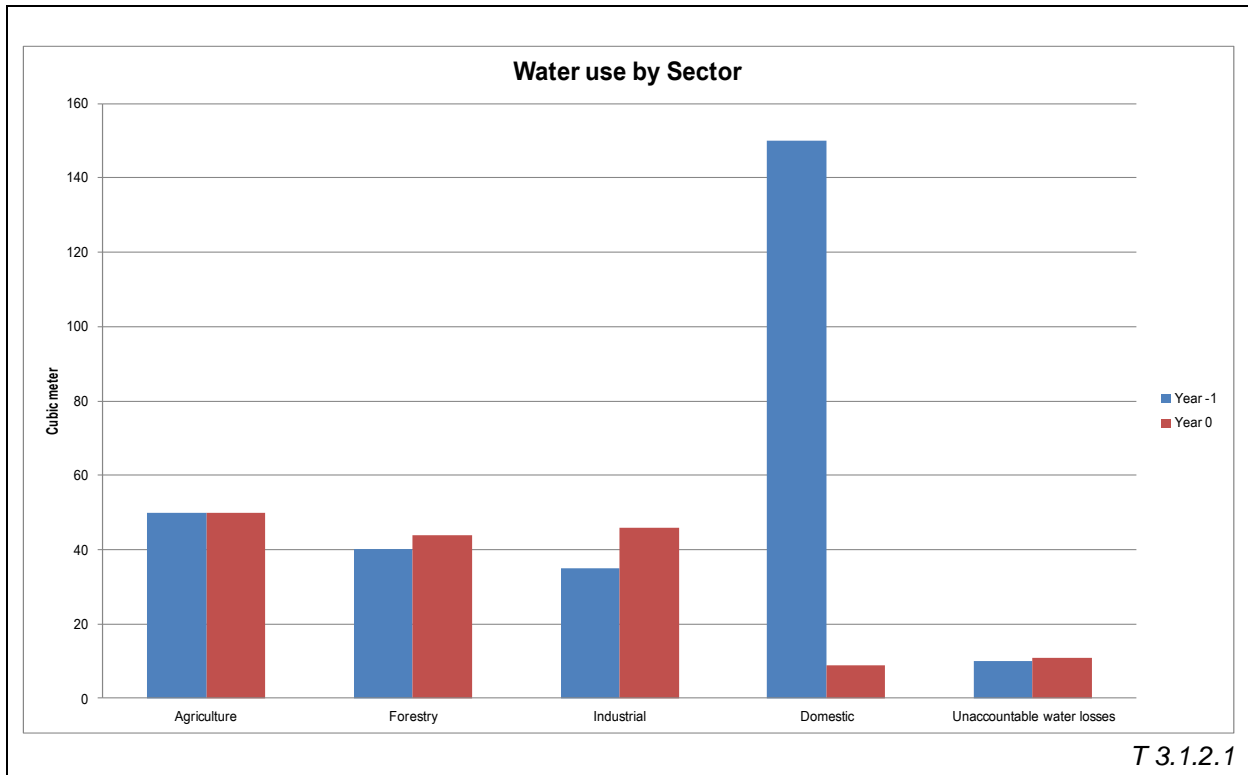

INTRODUCTION TO WATER PROVISION

The OR Tambo District Municipality is the Water Services Authority and Water Services Provider responsible for planning, implementation, and operation and maintenance of water and sanitation services within the 5 Local Municipalities. District Municipality is therefore responsible for the development and the implementation of its water services by-laws, sanitation strategy, and the District Wide Sanitation Master Plans. O.R. Tambo District Municipality is a grant dependant municipality and most of its sanitation capital projects are funded through the Municipal Infrastructural Grant (MIG) which the Department of Cooperative Government and Traditional Affairs (COGTA),

COMMENT ON ELECTRICITY SERVICES PERFORMANCE OVERALL:

Port St John's Municipality has done electrification to the rural villages of Port St John's through INEP funding. Eskom was also part of the electrification work done during the reporting period. The projects were supposed to be finished by 30 June 2020, but due to Covid- 19 lockdown from 26 March 2020 the completion dates were affected. The projects were deferred to the next financial year and anticipated to be finished by 30 September 2020. The Municipality also maintained street lights in town and Tombo as one of the measures to ensure safety of our communities.

T 3.3.9

Chapter 3

3.4 WASTE MANAGEMENT (THIS SECTION TO INCLUDE: REFUSE COLLECTIONS, WASTE DISPOSAL, STREET CLEANING AND RECYCLING)

INTRODUCTION TO WASTE MANAGEMENT

Port St John's town is the only urban area in the Port St John's Municipality area (PSJ LM) and constitutes only 2.6% of its total population; hence economic activities associated with urban areas (e.g. industry) do not exist in the municipality. It is only in town and in some tourism nodes where waste management actively takes place. This function of waste management is not extended to rural areas. Most of the Port St John's Local Municipality area is rural in nature, as are their economic activities.

The active economic sectors of the Port St John's Local Municipality can be divided into community services, trade, agriculture, transport, construction, electricity, energy, & mining (as it is the case in the Integrated Development Plan for Port St John's, 2019/20) and they are mainly clustered around the main urban node. The municipality has very limited resources to adequately provide the service to all its areas.

The Integrated Waste Management Plan (IWMP) was completed, adopted by the Council in February 2015, MEC endorsed it on the 7th March 2016 and is now implemented. Annually, Port St John's Municipality embarks on annual awareness cleaning campaign as means of educating people about waste management and its impact on the environment. The municipality has a community recycling project (Vukayibambe recyclers) taking place in the landfill site.

<p><i>Note: This statement should include no more than the top four priority service objectives. The indicators and targets specified above (columns (i) and (ii)) must be incorporated in the indicator set for each municipality to which they apply. These are 'universal municipal indicators'. * 'Previous Year' refers to the targets that were set in the Year -1 Budget/IDP round; *'Current Year' refers to the targets set in the Year 0 Budget/IDP round. *'Following Year' refers to the targets set in the Year 1 Budget/IDP round. Note that all targets in the IDP must be fundable within approved budget provision. MSA 2000 chapter 5 sets out the purpose and character of Integrated Development Plans (IDPs) and chapter 6 sets out the requirements for the reduction of performance management arrangement by municipalities in which IDPs play a key role.</i></p>									T 3.4.4

Chapter 3

Employees: Solid Waste Management Services					
Task grade	Year -2018/2019		Year 2019/2020		
	Employees	Posts	Employees	Vacancies (fulltime equivalents)	Vacancies (as a % of total posts)
	No.	No.	No.	No.	%
0 - 3	53	44	49	0	0
4 - 6	6	13	6	7	1
7 - 9	1	1	1	0	0
10 - 12	0	0	0	3	0
13 - 15	0	1	0	1	1
16 - 18	0	0	0	0	0
19 - 20	0	0	0	0	0
Total	60	59	56	11	2

Totals should equate to those included in the Chapter 4 total employee schedule. Employees and Posts numbers are as at 30 June. *Posts must be established and funded in the approved budget or adjustments budget. Full-time equivalents are calculated by taking the total number of working days lost (excluding weekends and public holidays) while a post remains vacant and adding together all such days lost by all posts within the same set (e.g. 'senior management') then dividing that total by 250 to give the number of posts equivalent to the accumulated days.

T3.4.5

Employees: Waste Disposal and Other Services					
Task grade	Year -2018/2019		Year 2019/2020

Chapter 3

COMMENT ON WASTE MANGEMENT SERVICE PERFORMANCE OVERALL: -

Port St John's Municipality is responsible for providing refuse removal service for its communities in town and surroundings. Due to limited resources, the service is limited to the urban node. Where the service is currently rendered, the Municipality collects waste on a weekly basis. According to Statics South Africa 2011 the Municipality services 3.1% of its population. The major challenge in providing the service for the entire Municipality is the non-availability of resources.

The sub-function of waste management includes refuse removal, land-fill site management, and street cleaning. Out of the functions stated, the municipality generates the following estimated quantities: -

FREQUENCY	QUANTITY (TONS)
Per month	1989
Per year	23 656

There were no capital projects prioritised, budgeted for and implemented during the 2019/2020 financial year.

The municipality could not conduct its annual cleaning campaign in September 2019 with support stakeholders like DEA, DEAT, O.R. Tambo District Municipality Municipal health, SASSA and Nobuhle Primary School, and Port St John's Junior Secondary School. The aim of the campaign was to educate communities about the risks of an unhealthy environment, their impacts and also promote sustainable living spaces. This campaign also raised awareness to keep the environment clean.

The recycling project that was established continued to receive support and mentoring from the Municipality, O. R .Tambo DM and the Department of Economic Development, Environmental Affairs and Tourism.

Rehabilitation of the land fill site was done with the assistance of engineering department. The availability of machinery remained a challenge for sustainable management of the land-fill site according to the license conditions and best practices.

T 3.4.10

Chapter 3

3.5 HOUSING

INTRODUCTION TO HOUSING

The Municipality through the assistance of the Department of Human Settlements (DoHS) developed a housing sector plan that has been aligned to the Integrated Development Plan. It is used to guide housing development within the municipality. Department of Housing Se is the primary funding agent for housing development in Port St John's. It is also the developer for the projects identified and budgeted for. The role of the municipality is limited to human settlement development facilitation and beneficiary administration. The progress of the housing projects implemented within the municipality has been very slow due to low subsidy quantum on the human settlement policy and limited budget for Human Settlements projects.

T 3.5.1

Percentage of households with access to basic housing

Year end	Total households (including in formal and informal settlements)	Households in formal settlements	Percentage of HHs in formal settlements

<i>Total project value represents the estimated cost of the project on approval by council (including past and future expenditure as appropriate.</i>					T 3.5.6

COMMENT ON THE PERFORMANCE OF THE HOUSING SERVICE OVERALL:

The Department of Human Settlements appointed the Service Provider to conduct feasibility studies for 8 projects that were prioritised by the Municipality other than the projects that are on implementation stage. The additional priorities include the following projects: -

Mkhanzini 1200, Mngazana 1200, Green's farm 1200, Buchele 1200, Nyazi 1200, Jambeni/Luzuphu 1200, Majola 1200, Qandu 1200. The final report on the study has been completed and therefore recommended that these future projects numbers be reduced from at least between 200 to 300 units per project in order to be much more implementable. Through the intervention of the MEC for Human Settlements to address the Human Settlements backlog in Port St John's Municipality, 200 units have been approved and 10 beneficiaries were allocated per ward and that process has been completed.

T 3.5.7

3.6 FREE BASIC SERVICES AND INDIGENT SUPPORT

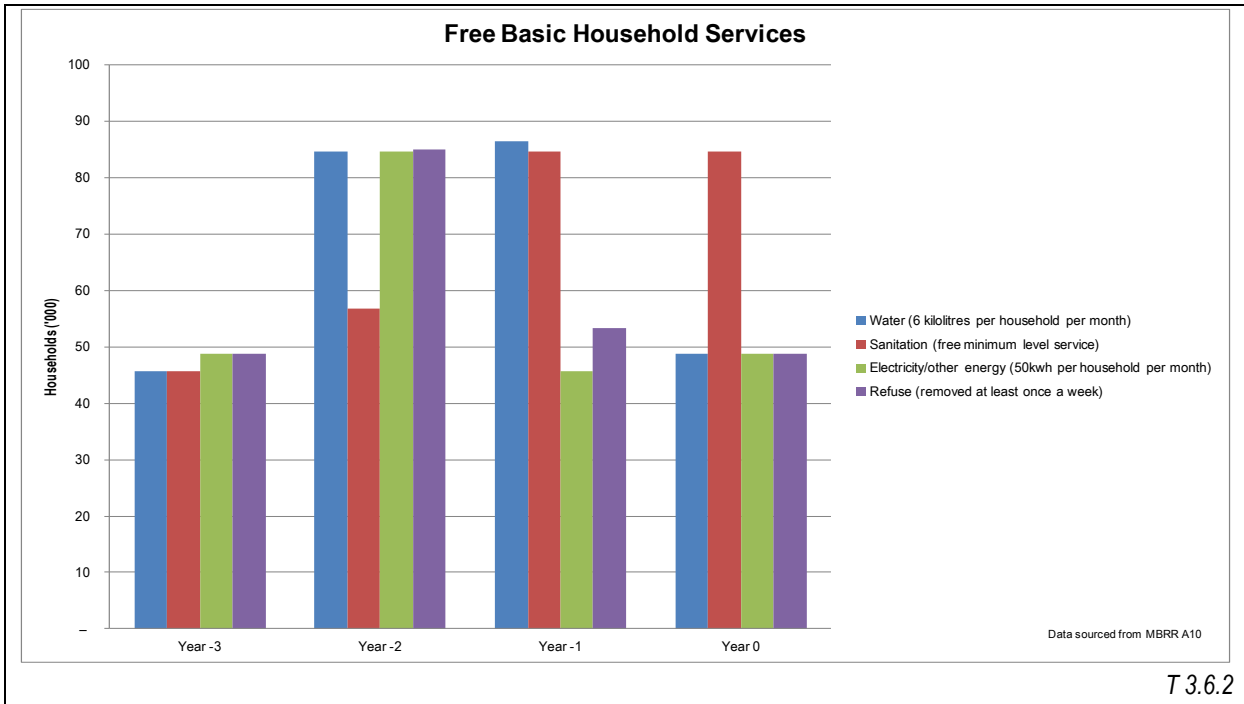

INTRODUCTION TO FREE BASIC SERVICES AND INDIGENT SUPPORT

The Constitution of the Republic of South Africa Act, 1996, in the Bill of Rights protects social and economic rights, which include Free Basic Services (FBS). The role of developmental local government in partnership with the other spheres of government, that is, provincial and national, is to ensure the improvement of access of free basic services by the vulnerable groups. FBS are, therefore, a poverty alleviation measure that exists to cushion poor households against vulnerability.

Port St John's Local Municipality adopted an indigent support policy which embodies an indigent support programme, not only providing procedures and guidelines for the subsidization of service charges to indigent households in its area of jurisdiction, but also to increase the quality of life of the beneficiaries by assisting them to exit from indigence. The indigent support offered by Port St John's Local municipality is free basic electricity, and alternative energy in a form of paraffin. Port St John's is largely rural with a huge need for indigent support, and the municipality is in the process of updating the indigents register. Indigent register for 2019/20 was approved.

Waste Management (Solid Waste)	42	425	425	43	90%
Total	1421	5655	5425	7802	40%
					T 3.6.4

COMMENT ON FREE BASIC SERVICES AND INDIGENT SUPPORT:

The municipality offers free basic services in a form of electricity, alternative energy and refuse removal to the needy. Water and sanitation services are offered by the district municipality. The indigent policy is implemented with indigent register updated annually to ensure it is inline with the policy and other related legislations. The Municipality has put efforts to ensure that indigent services are provided but due to resource limitations it finds it difficult provide to the satisfaction of the needy.

T 3.6.6

COMPONENT B: ROAD TRANSPORT

3.7 ROADS

INTRODUCTION TO ROAD TRANSPORT

Integrated Transport plan was done with the assistance of O.R. Tambo District Municipality and is still valid.

INTRODUCTION TO ROADS

The Municipality conducts needs assessment from communities on an annual basis as required by chapter 4, & 5 of the constitution of the Republic of South Africa (Act 108 of 1996). After assessment of service needs from communities to be included in the IDP of the municipality in each financial year, priorities are done as per needs assessment and implementation is monitored through SDBIP, Operation and Maintenance and monthly MIG reports.

T 3.7.1

COMMENT ON THE PERFORMANCE OF ROADS OVERALL:

There were seven gravel roads to be completed in 2019.20 financial year and three are completed, one on practical completion and the remaining three have more than 70% complete and under construction which are multi-year projects. The budget allocation for the reporting year have not fully spend due to Covid -19 Lockdown Affected grants were MIG and INEP. Targets for the year had to be revised to accommodate time lost due to disaster regulations. The projects revised dates for completion is 30 September 2020. We have experienced some challenges during the reporting year which came as hindrances on the implementation of our SDBIP.

COMMENT ON THE PERFORMANCE OF STORMWATER DRAINAGE OVERALL:

Storm-water drainage was maintained in the urban area and for all rural access roads projects that were maintained. EPWP employees were utilized to do storm-water maintenance as part of poverty alleviation program. Due to the terrain, overflowing sewer and high underground water table result to frequent storm-water management system blockages. SMMEs were also utilised in construction of new storm-water drainage

T3.9.9

COMPONENT C: PLANNING AND DEVELOPMENT

3.10 PLANNING

INTRODUCTION TO PLANNING

The Development Planning unit develops and implements policies for regulating the use and development of land in support of the Municipal IDP plans and vision. The Unit works towards guiding new development that allows for growth while advertising impacts, protecting sensitive natural areas, promoting good urban design, ensuring adequate infrastructure to accommodate growth and lessening the impact of new development on existing settlements. The Development Planning Unit is involved in various projects which assist other service delivery units to focus on problem solving so as to uplift and sustain development within the Municipality as a whole. The unit also supports a wide range of economic development programmes that are aimed towards enabling Municipal-wide growth and sustainable development.

The Municipality has adopted key spatial development strategies (Port St John's Master Plan, Nodal Development Strategy and Spatial Development Framework). These strategies have been linked to the IDP and are geared towards addressing spatial disparities in both rural and urban areas. The above mentioned strategies are also used as guidelines for development coordination and investment promotion. Funding for implementing projects identified in the strategies remains a challenge.

The Municipality does not receive substantial number of land use applications. As a result, there are no backlogs. The Municipality however needs to review its town planning scheme. The scheme is out-dated and that has made some multi-use development difficult to approve because of the lack of diversity in the current scheme conditions. This will also enable the Municipality to have a scheme that is aligned to the recently approved Spatial Planning and Land Use Management Act.

Chapter 3

The Unit is also responsible for the following functions related to building inspectorate; Building Plan approval services and consultation; The inspection of various stages of building work; Attending to complaints regarding building work, dangerous buildings, storm water problems advice on demolitions. The municipality was able to achieve the target it set to approve plans without concerns within three weeks of submission. However, a building control office has not been employed which has resulted in limited building construction monitoring as stipulated in the National Building Regulations and Building Standards Act.

T 3.10.1

Applications for Land Use Development

Employees: Planning Services					
Task grade	Year -2018/2019		Year 2019/2020		
	Employees	Posts	Employees	Vacancies (fulltime equivalents)	Vacancies (as a % of total posts)
	No.	No.	No.	No.	%
0 - 3	0	0	0	0	0%
4 - 6	0	0	0	0	0%
7 - 9	0	0	0	0	0%
10 - 12	1	2	1	1	33%
13 - 15	0	0	0	0	0%
16 - 18	0	0	0	0	0%
19 - 20	0	0	0	0	0%
Total	1	2	1	1	0%

Totals should equate to those included in the Chapter 4 total employee schedule. Employees and Posts numbers are as at 30 June. *Posts must be established and funded in the approved budget or adjustments budget. Full-time equivalents are calculated by taking the total number of working days lost (excluding weekends and public holidays) while a post remains vacant and adding together all such days lost by all posts within the same set (e.g. 'senior management') then dividing that total by 250 to give the number of posts equivalent to the accumulated days.

COMMENT ON THE PERFORMANCE OF PHYSICAL PLANNING OVERALL:

The planning unit did not have any capital project for the 2019/20 financial year nor a budget. Its programmes were based on day to day operations and monitoring of compliance to the different land uses to the spatial development framework. The concept document for Spatial development was developed which lays a ground for the development of the SDF in the following year. The main challenge of the unit is the current land claim that is yet to be finalised.

Tribunal

T 3.10.7

3.11 LOCAL ECONOMIC DEVELOPMENT (INCLUDING TOURISM AND MARKET PLACES)

Local Economic Development is anchored by private sector initiative and government support, but ultimately places the community at the pinnacle of all efforts. The private sector refers not just to large corporations, but also local SMMEs. Government in this context refers primarily to the local municipality in Port St Johns, with the district, province other spheres of the public sector also playing supportive roles. There are a number of issues that need to be resolved to ensure future developments do take place as well as to attract investments. Infrastructure needs urgent planning, as well as upgrading in order to be able to deal with future growth and development. The focus therefore needs to be on these critical aspects in terms of planning, fund raising and implementation.

Improvement of civil services, especially sewage and storm water; improvements to road infrastructure; finalisation of land transfers in order to complete the land restitution project and the compilation of an Environmental Management Plan in order to clarify environmental issues are all identified as critical actions with regards to the town's development.

The approved LED strategy has goals, key pillars and projects as follows:

Goals:

Tourism Development, marketing and Promotion

Arts, Crafts and cultural promotion

SMME development and poverty alleviation including support to informal Traders

Investment Promotion, Business development and support

Targeted Sector Support

Agriculture

One of the great challenges facing the agricultural sector is to increase the number and variety of viable and sustainable economic agricultural enterprises. The global downturn in the past few years has further amplified this challenge. Government is of the view that strengthening competitiveness and promotion of small and medium-sized enterprises and cooperatives remain cornerstones for the growth of the economy and the creation of decent work opportunities. In the agricultural sector, it is found that entrepreneurial and management skills/abilities are lacking in many individuals who are trying to access enterprising opportunities.

Chapter 3

The climatic conditions render Port St John's viable for a number of agricultural products. Although agriculture is prevalent throughout the area, it is not a significant contributor to the economy of the area because of its subsistence nature.

Agriculture appeals to the rural nature of settlement throughout the municipality, whilst accounting for the biophysical endowments that support the up-scaling of this form of activity. The main objective for agricultural development is to recognise the fact that most agricultural activity in the locality is currently undertaken by small holders, and that commercial enterprise is currently bounded in its possibilities by the land tenure system.

Tourism

Port St John's has a competitive advantage due to its environment, scenery and man-made attractions. This goal will address challenges of product development and marketing to maximise on visitor number and visitors spend in the area. Tourism has been identified as a growth sector in the local economic development strategy for Port St John's. It has the potential for increased economic activity and as a source of employment.

Enhancement of Rural Livelihoods

This goal recognises the fact that over 90% of our community resides in non-urban settings as such it is important that one of the strategic goals directly seek to uplift the quality of services and programmes implemented. Infrastructure has been identified as deemed to be predetermining for any forms of investment and thus development of the area. In effort to enhance rural live hoods, the department continues to support small scale farmers with agricultural inputs as means to ensure food security to our communities.

Informal trading represents some of the initiatives taken by the rural unemployed as means of addressing the challenges of unemployment and poverty. Informal trading involves unorganized small-scale, self-employment creating activities which might involve individuals or unremunerated relatives of the business owner. The municipality therefore recognises the role played by informal trader in improving rural livelihoods.

Through a developmental approach, the Municipality seeks to facilitate the access to job and entrepreneurial opportunities within the informal trading sector. Furthermore, and the nurturing of a positive relationship with the formal business sector and consumers by providing a stable regulatory and flexible management environment that is predictable, empowering and sustainable.

Enterprise Capacitation

The development of small businesses is recognized as a common strategy for Local Economic Development in South Africa. The municipality is playing a facilitator role between government departments and agencies to support SMME's and further play a pivotal role in creating a conducive environment for entrepreneurial development.

Through this sector support, the municipality aims at creating opportunities and tools to develop small business through procurement, a partnership with relevant partners and the development of a small business programme for

Chapter 3

the area. This approach ensures that the Municipality addresses in a more effective way interrelated objectives of poverty eradication, employment creation and economic growth. It also includes the development and use of labour intensive and community based construction measures and affirmative procurement to direct infrastructure to SMMEs.

Promotion of Entrepreneurship spirit, development of Small Enterprise and the Cooperatives has been identified as crucial area of consideration. This goal addresses issues on the creation, attraction and retention of enterprises either small or large business.

Key Pillars:

- Tourism Development and Promotion
- Entrepreneurial Development and Support
- Agricultural Development
- Infrastructure Development
- Skills Development
- Enabling Municipal Environment

Projects implemented in the financial year are as follows:

- Construction of Mpantu Hawkers' Stalls
- Construction of Staircases at Isinuka
- Development of an Agricultural Support Plan
- Support to Small Scale Farmers with Agricultural Inputs
- Facilitation of Isingqisethu Cultural Festival
- Hosting of Cultural Heritage Celebrations
- Training of SMME's on manufacturing of cleaning products
- SMME Development and Support
- Implementation of the Community Works Programme
- Marketing and promotion of Port St Johns and craft products in Tourism events
- Training of SMME's in Construction
- Awareness workshops on Informal Trader By-lwas
- Building Inclusive Green Municipalities

COMMENT ON LOCAL ECONOMIC DEVELOPMENT PERFORMANCE OVERALL:
 We have hosted Isingqisethu cultural festival which was a successful event that benefited mostly the local small business through accommodation establishments, catering street trading etc.

T 3.11.11

COMPONENT D: COMMUNITY & SOCIAL SERVICES

INTRODUCTION TO COMMUNITY AND SOCIAL SERVICES

The Community Services Department of Port St John's Municipality has the following key functions; Establish, conduct and control facilities for the purpose of disposing human remains; Co-ordinate community needs for health services; Provide, manage and maintain libraries for public use in partnership with the Department of Sport; Arts and Culture and O.R. Tambo District Municipality.; Provide, manage and maintain community facilities for public use; Respond and provide support to affected communities; Provide recreational services to all communities; Improve social welfare of the community; Provide, manage, preserve and maintain any municipal place, land, and building reserved for the protection of places or objects of scenic, natural, historical and cultural value or interest;

Traffic management and licensing services;

Chapter 3

Ensure public safety, Waste management services The department strives to provide and coordinate all the services listed above with the limited resources.

There are funding constraints that impact on the provision of some of the services.

The department consistently reports to Council on the externally managed services like health care service, disaster management and libraries.

T 3.52

3.12 LIBRARIES; ARCHIVES; MUSEUMS; GALLERIES; COMMUNITY FACILITIES; OTHER (THEATRES, ZOOS, ETC)

Libraries;

The purpose of providing library services is to provide communities at each stage of their development with access to educational material, information, programmes and services that instil and nurture a culture of reading and lifelong learning.

Objectives;

- Closing the gap between resourced and under-resourced communities
- Support the cultural, educational and recreational needs of communities
- Promote internet as a valuable research tool for information
- Promote freedom of Information

Key programmes.

1. Library Week
2. Literacy day

Objectives of the Library week;

Highlighting how libraries promote access to information, as enshrined in the Bill of Rights

Enhancing nation building and community development by opening the doors of learning to all.

Showcasing libraries as desired spaces for connecting people to each other, learning resources, communities, government, the world and the environment; advancing literacy through the intellectual and aesthetic development of all ages; providing access to global knowledge and information in different formats to advance research and

Chapter 3

create new knowledge; fostering a spirit of enquiry and desire for lifelong learning; challenging one's own beliefs and inculcating a respect for diverse beliefs, opinions and views; contributing towards the development of an informed nation, and South Africa becoming an information society.

Literacy day,

International literacy day is an annual United Nations sanctioned event that falls on September 8 aimed at raising people's awareness of and concern for literacy issue.

The Municipality also host this event annually and rotated amongst the schools within the Municipality. Inter-schools' competitions are also held on the day for drama, poetry, reading, storytelling and other cultural activities. Awards are then handed to the top achiever for each of the sub-events.

Archives: The Municipality is still experiencing some challenges with regard to archiving of documents due to insufficient resources, an assistance was received from the Archives office in Umtata for development of necessary guiding documents (File Plan and Records Management policy) but have not yet approved by the Municipal Council.

Community facilities;

1. Community halls

The municipality did not construct a new community hall during the year under review. Due to limited resources it has also struggled to maintain the existing halls to a reasonable use standard. There are challenges that still need to be addressed to ensure that all community halls are kept at a state that they can be used and managed effectively by the municipality and the communities. There is a shortage of staff for managing the community halls and security personnel to guard against vandalism.

Chapter 3

25.2 SERVICE STATISTICS FOR LIBRARIES; ARCHIVES; MUSEUMS; GALLERIES; COMMUNITY FACILITIES; OTHER (THEATRES, ZOOS, ETC)

The Municipality has a provision for the community services listed below which are maintained as required but due to limited resources, we might not provide services to the level expected by our communities.

Facility	Number
Community Halls	9
Sports facilities	5
Cemeteries	2
Beach facilities	8

COMMENT ON THE PERFORMANCE OF LIBRARIES; ARCHIVES; MUSEUMS; GALLERIES; COMMUNITY FACILITIES; OTHER (THEATRES, ZOOS, ETC) OVERAL:

There were no capital projects for Libraries, Archives, Museums, Galleries, Community Facilities; and other in 2018/19 financial year. We have participated to the literacy day event that was convened by the Department of Sports, Arts, & Recreational in Umtata at King Sabatha Dalindyebo Municipality and the Library week at Mhlontlo Local Municipality. The World Play day was hosted in Port St John's at Tombo in ward 04.

T 3.12.7

Chapter 3

3.13 CEMETORIES AND CREMATORIUMS

INTRODUCTION TO CEMETORIES & CREMATORIUMS

The Municipality has two official cemeteries, one of the cemeteries has reached its maximum capacity and the second cemetery is 98% full. The Municipality provides space for communities to bury their loved ones at the cemetery in town at a fee. There are no crematorium services provided by the Municipality.

T 3.13.1

SERVICE STATISTICS FOR CEMETORIES & CREMATORIUMS

The Municipality experienced a challenge with regard to cemetery services due to non -availability of space. The Municipality provided the grave digging services which is done and completed within 3 days of payment. We have since approached the Caguba Traditional authority and Caguba CPA to acquire a space for Cemetery development but this has not bear any fruits so as we experienced challenges that affects the status of the CPA. The Cemetery Management system has not been done in the reporting period but it was moved to the 2019/20 budget and SDBIP. This project would assist the Municipality to manage the existing and the new planned Cemeteries properly.

Chapter 3

COMMENT ON THE PERFORMANCE OF CEMETORIES & CREMATORIUMS OVERALL:

In our plan for 2018/19 we planned for installation of the Cemetery Management system but due to budget limitations the project could not be implemented and as such it was moved to 2019/20 of which the budget was taken care of. We also had a project of Cemetery Development but this project could not be implemented due to the challenges experienced which involved matters between Caguba CPA and Caguba traditional authority.

T 3.13.7

3.14 CHILD CARE; AGED CARE; SOCIAL PROGRAMMES

INTRODUCTION TO CHILD CARE; AGED CARE; SOCIAL PROGRAMME

Social programmes;

The municipality hosts an annual mayoral cup, an event that is aimed at promoting sports development within the Municipality. In this financial year winners at ward level were given sports equipment and sports clothing

Child care

The Municipality provides the following as part of child care and support: -

Back to school campaign,

Supported to Crèches with educational toys.

Dress a school child campaign;

Sanitary dignity campaign programme conducted

Aged care;

Local Golden Games

Provincial Golden Games

Winter warmth

Alzheimer

HIV/Aids Programmes;

HIV/Aids Awareness Campaign

T 3.14.1

Chapter 3

SERVICE STATISTICS FOR CHILD CARE

Child care, aged care and social programs are provided by the municipality under a Special Programs unit within the office of the Mayor. Port St John's Municipality needs to ensure that the communities are cared for and that support is given to those who are vulnerable in our communities. This unit within the municipality seeks to ensure that senior citizens, people living with disabilities, vulnerable children, and people living with HIV/Aids receive the needed support. The unit programs also focus on women empowerment which assists in providing life skills training that ensure men and women can sustain themselves through on their own. There are also programs targeting awareness around women and child abuse which ensures that communities are well informed and empowered regarding their rights and how to act in such instances of abuse.

T 3.14.2

Employees: Child Care; Aged Care; Social Programmes					
Task grade	Year - 2018/2019		Year 2019/2020		
	Employees	Posts	Employees	Vacancies (fulltime equivalents)	Vacancies (as a % of total posts)
	No.	No.	No.	No.	%
0 - 3	0	0	0	0	0%
4 - 6	0	0	0	0	0%
7 - 9	0	0	0	0	0%
10 - 12	1	1	1	0	0%
13 - 15	0	0	0	0	0%
16 - 18	0	0	0	0	0%
19 - 20	0	0	0	0	0%

Chapter 3

COMMENT ON THE PERFORMANCE OF CHILD CARE; AGED CARE; SOCIAL PROGRAMMES OVERALL:

The municipality coordinated the mayoral cup. It's aimed at promoting social cohesion and promote sports development within the municipality. The programme is very successful and all wards participate in it through their local football associations.

T 3.14.7

COMPONENT E: ENVIRONMENTAL PROTECTION

INTRODUCTION TO ENVIRONMENTAL PROTECTION

Port St John's is an environmental sensitive area with various environmental management issues but the environmental officer was appointed. The incumbent is supported by DEDEAT and DEA for environmental related issues that include EIA, Alien Plant vegetation, illegal sand mining, deforestation, illegal dumping etc. We have since experience a sand dune which happened during the month of April 2019 but fortunately there were no damages.

T 3.14

3.15 POLLUTION CONTROL

INTRODUCTION TO POLLUTION CONTROL

Port St John's has no measures to control pollution nor a budget thereof. Fire awareness campaigns are conducted on a monthly basis by O.R. Tambo District Municipality to ensure that the community is aware of the dangers.

T 3.15.1

There are no capital projects or a budget for this function.

T 3.16.7

COMPONENT F: HEALTH

INTRODUCTION TO HEALTH

Port St John's Municipality does not provide any health services. The Department of Health is responsible for this service including primary health and emergency services. There are insufficient facilities in relation to the provision of Health services. During the IDP road shows conducted we established the fact that there are wards that were still travelling distance of more than 5km to receive such services. The issue of centralised services for Ambulance management has also been raised for review by the relevant authorities.

T 3.17

Chapter 3

3.17 CLINICS

INTRODUCTION TO CLINICS

Port St John's Municipality does not provide these services, neither the District Municipality (O.R. Tambo District Municipality), however we can confirm that there are clinics in the area of Port St John's to service the twenty wards with the largest being the Health centre in ward 06 in town.

T 3.18.6

COMMENT ON THE PERFORMANCE OF AMBULANCE SERVICES OVERALL:

The Municipality had no projects related to ambulance services but relied to the Department of Health for such services when required. The Ambulances are very limited to satisfy the needs of the communities in respect of Ambulance serves and given the fact that the health care facilities are very scattered. Port St John's has Health centre which is the closest facility for people around town. Due to the terrain sometimes Ambulances found it difficult to reach some communities and this requires alternative such as Helicopter but in the reporting period we have not experienced such challenge.

T 3.18.7

Chapter 3

3.19 HEALTH INSPECTION; FOOD AND ABBATOIR LICENSING AND INSPECTION; ETC

INTRODUCTION TO HEALTH INSPECTIONS; FOOD AND ABATTOIR LICENCING AND INSPECTIONS, ETC

These services are currently provided by the District Municipality; however, their officials are available for such service on invitation. O.R. Tambo District Municipality has satellite offices in Port St John's and Port St John's Municipality work closely with them in matters of health inspection.

T 3.19.1

SERVICE STATISTICS FOR HEALTH INSPECTION, Etc.

Currently this service is provided by the district Municipality but we receive these services where needed. The health inspectors have done the inspection mostly in town and surrounding. This was evident by the fact that there were no health related issues brought to the attention of the Municipality during the year under review. The health inspectors are also form part of the team organising the events of government where they ensure that all services provided are in line with the requirements as outlined in the Health and Safety Act.

COMMENT ON THE PERFORMANCE OF HEALTH INSPECTIONS, etc. OVERALL:

Currently this service is provided by the District Municipality but we receive these services where needed.

T 3.19.7

COMPONENT G: SECURITY AND SAFETY

INTRODUCTION TO SECURITY & SAFETY

The Municipality provided Public safety services in the form of Traffic Control Services, and security services. The Safety and Security Unit helps to ensure a safe environment, and improves quality of life through effective traffic policing combined with efficient use of security officers. Traffic services include control and regulation of all forms of traffic; Promote education and training in road and traffic safety; Attend to scenes of motor vehicle collisions and assist with traffic control, removal of injured persons, and removal of vehicles so that traffic may flow freely again; and; Eliminate points of congestion, obstruction, hindrance, interference, or danger to vehicles and pedestrians. Other areas of service provision that require an attention include by-law enforcement and crime prevention. The internal Security Services Section responsibilities include; Protection of municipal assets; and access control to municipal buildings.

Chapter 3

Security personnel provided services for protection of Municipal assets (movable and immovable). There were challenges with regard to working tools, and human resource capacity (limited skills), due to limited financial resources.

The Municipality is embarking on a safe and lawful initiative. Key objective of this initiative is to provide camera surveillance of certain areas within the Municipality, so as to encourage a crime-free environment for the benefit of Port St. Johns communities, and to attract investors and promote development, tourism and job creation.

The Municipality in its commitment to fight against crime, closely works in partners such as South African Police Services, Department of Justice and other safety and security agencies in a bid to prevent and reduce the negative effect of crime to our communities. Port St John's municipality's structure on public safety unit has a limited staff compliment whose service is to fight crime or law enforcement officers. Only few traffic officers and security personnel who currently work with external stakeholders to combat crime. The Municipality has established an Integrated Community Safety Forum which was endorsed by Council in 22 June 2017. With the structure having been established and endorsed, the Municipality is busy developing a community safety plan that will coordinate and integrate the duties of the structure with the assistance of Department Safety and Liaison.

T 3.20

3.20 POLICE

INTRODUCTION TO POLICE

Port St John's area has one police station situated in town. Port St John's police station assist in visible policing & crime fighting within the jurisdiction of Port St John's. An area of approximately 1 300 square kilometres in PSJ is currently policed. The ratio of functional police officials per community is reported to be 1:2377 whereas the recommended ratio is 1:500. That implies that there is still a shortage of workforce in the field of SAPS. The most common incidents are the following: - Attacks on tourists; Faction fights; Theft; Robbery; Domestic related crime; incidents (road accidents and drowning) etc. The station, among its priority, is focussed on addressing rape, murders, armed robbery, house breaking and assault with grievous bodily harm. Their main objective, however, is to make the community safe and secure for all its members. These crimes are commonly believed to be as a result

Chapter 3

of lack of or limited street lights in certain areas, liquor abuse, deserted informal houses, shebeens as well as incautious movements of tourists.

Community awareness programmes are constantly held by the police and the relevant stakeholders such as municipal law enforcement officers. This is most likely to reduce the crime rate in Port St John's Local municipality

COMMENT ON THE PERFORMANCE OF POLICE OVERALL:

Port St John's Municipality has no policing services other than security, policing is the responsibility of the SAPS hence there are no capital projects within the municipality.

T 3.20.7

Chapter 3

3.21 FIRE

INTRODUCTION TO FIRE SERVICES

In term of the powers and functions Port St John's does not provide fire services but relies to the O.R. Tambo District Municipality when such services are required. There is a satellite centre for fire fighters at Port St Johns but reporting to the O.R. Tambo District Municipality.

COMMENT ON THE PERFORMANCE OF FIRE SERVICES OVERALL:

The District Municipality fire services office responded to the two fire incidents that affected two municipal buildings burnt down. Both incidents happened during late or early morning hours hence the fire response team could not save the buildings but managed to stop fire from spreading to other properties around.

T 3.21.7

3.22 OTHER (DISASTER MANAGEMENT, ANIMAL LICENCING AND CONTROL, CONTROL OF PUBLIC NUISANCES AND OTHER)

INTRODUCTION TO DISASTER MANAGEMENT, ANIMAL LICENCING AND CONTROL, CONTROL OF PUBLIC NUISANCES, ETC

Disaster Management is the District Municipal function, and Port St Johns Municipality is only playing a facilitation role. Animal control will soon be addressed through animal pound that is underway. Control of public nuisances is addressed by the by-laws enforcement.

T 3.22.1

Chapter 3

SERVICE STATISTICS FOR DISASTER MANAGEMENT, ANIMAL LICENCING AND CONTROL, CONTROL OF PUBLIC NUISANCES, ETC

The Municipality was hit by floods in the month of April 2019 which affected hundreds of people, their homes were destroyed. We received some assistance from all corners of the country to rescue the situation. Port St Johns was declared as a disaster zone. Some of our infrastructure assets and project such as roads, bridges and buildings were badly affected and assistance had to be requested from various institutions to repair the damaged areas.

COMMENT ON THE PERFORMANCE OF SPORT AND RECREATION OVERALL:
 Port St Johns hosts mayoral cup annually and it has a budget for that with all the twenty wards participating. The Mayoral cup was not hosted in the year under review and moved to 2018/2019.

T 3.23.6

COMPONENT I: CORPORATE POLICY OFFICES AND OTHER SERVICES

INTRODUCTION TO CORPORATE POLICY OFFICES, Etc.
 Policies are developed to establish expectations and to provide guidance on how to consistently handle workplace situations. Although most company policies are not all-encompassing, they provide direction regarding what is appropriate as well as inappropriate or unacceptable behaviour. Corporate services department is the driver of the policy development in the municipality. These policies are then taken to council for approval following internal processes.

T 3.24

Chapter 3

3.24 EXECUTIVE AND COUNCIL

INTRODUCTION TO EXECUTIVE AND COUNCIL

Council is the highest decision making body in a municipality and seats every quarter unless a special council meeting is arranged by the Speaker for urgent matters. Port St John's Municipal Council has executive and legislative powers. The office of the Mayor and Speaker are full-time with the rest of the Council members' part-time. Council has eight section 80 committees reporting to Executive, and seven section 79 committees reporting to Council.

COMMITTEES

For purposes of administering political oversight the Council is supported by the following standing committees which are each chaired by a nominated Councillor. The following table reflects the committees of Council and their respective purposes, as well as the frequency of meetings during a financial year.

T 3.24.1

COMMITTEE NAME	COMMITTEE TYPE	FUNCTIONS	NO. OF MEETINGS
COUNCIL	Council	Political oversight	4 Ordinary Council meetings, Special Councils depend on the Municipal business
Executive Committee	EXCO	Deals with matters delegated to it by Council and legislation as indicated in the delegation of responsibilities policy	4 ordinary EXCO, Special EXCO depend on the Municipal business
Budget Treasury Office Standing Committee	Section 80	Financial Management Oversight	4 Ordinary standing Committee Meetings. Special Standing Committee are convened as per need arises
Local Economic Development Standing Committee	Section 80	All matters requiring attention arising from the provisions of the relevant legislation inline the departmental mandate and the Municipal Delegation Framework	4 Ordinary standing Committee Meetings. Special Standing Committee are convened as per need arises.

Chapter 3

Remuneration	Section 79	Deals with matters delegated to it by Council and legislation as indicated in the delegation of responsibilities policy	4 Ordinary standing Committee Meetings. Special Standing Committees are convened as per need arises
Women's Caucus	Section 79	Deals with matters delegated to it by Council and legislation as indicated in the delegation of responsibilities policy	4 Ordinary standing Committee Meetings. Special Standing Committees are convened as per need arises.
Audit Committee		Deals with matters delegated to it by Council and legislation as indicated in the delegation of responsibilities policy	4 Ordinary Committee Meetings. Special Committee meetings are convened as per need arises

SERVICE STATISTICS FOR THE EXECUTIVE AND COUNCIL

Each standing committee is operationally linked to one or more line functional departments. In addition to the standing committees, Council has also established a Municipal Public Accounts Committee (MPAC) that is chaired by a Councillor which is a member of the governing party. The Municipality established a performance management committee that is responsible for evaluating the Municipal Manager and other section 57 manager's performance. The Municipal Manager is the principal accounting officer employed in terms of section 54(a) of the Municipal Systems Act 32 of 2000. The Municipal Manager reports to council through the mayor, and is supported by section 57 managers who are contracted for a five-year term. These section 57 managers directly report to the Municipal manager. With this complementary structure, the Municipality in the financial year under review took a resolution to focus on improving road networks in its rural municipal area. The Municipality also committed to focus and explore ways to improve local economic development in the municipal area. Much focus has also been projected towards improving social services more especially public amenities.

COMMENT ON THE PERFORMANCE OF THE EXECUTIVE AND COUNCIL:

Council and its committees adhered to the scheduled meetings. The Council successfully convened a strategic planning session to review the integrated development plan and later approved IDP and budget. Towards the end of the financial year council hosted open council meeting as part of promoting public participation. T 3.24.7

3.25 FINANCIAL SERVICES

INTRODUCTION TO FINANCIAL SERVICES

The municipality's financial services office is made up of the following units: Budget & Reporting: Responsible for preparing the budget and related policies. This section has also ensured that the Municipality's Annual Financial Statements are prepared and this is evident by qualified audit opinion (with matters of emphasis) expressed by the Auditor General's office during the past financial year audits and the current year's audit. Expenditure Management: Responsible for monitoring payments made to service providers, ensuring that controls exist regarding the municipality's contract management and that all payments made by the municipality have followed the proper control process. Procurement: Responsible for monitoring controls over the Supply chain management process and ensuring that controls exist to mitigate against any risks that might affect the supply chain processes. The unit oversees procurement process from minor purchase order, mini tenders to open bid tenders and reports on the system in place to Provincial and National Treasury as stipulated in the MFMA. COMMENT ON THE PERFORMANCE OF FINANCIAL SERVICES OVERALL:

There were no major challenges in the financial performance of the municipality however most of the targets set according to the IDP were achieved.

T 3.25.7

3.26 HUMAN RESOURCE SERVICES

INTRODUCTION TO HUMAN RESOURCE SERVICES

Improvement on quality of administration through the introduction and review of policies.

Increase of the capacity through recruitment or filling of vacant positions.

Improvement on relations between the labour and the employer.

Empowerment of employees or staff through skills development and training.

Improvement on management of overtime and leaves through periodical reconciliations.

Improvement of wellness through provision of employee assistance programs and sporting activities.

Salary and employee benefit administration.

T 3.26.1

Chapter 3

SERVICE STATISTICS FOR HUMAN RESOURCE SERVICES

The Municipality has necessary skills to deliver services to the communities, though in some cases support is required from the District Municipality, SALGA, COGTA and Treasury. This is because of the areas where we identify some gaps that can hinder us from fulfilling the mandate of the Municipality. T 3.26.2

Chapter 3

COMMENT ON THE PERFORMANCE OF HUMAN RESOURCE SERVICES OVERALL:

A critical challenge of the Human Resource unit and the institution at large was the delays experienced in the employment of the Chief Financial Officer (CFO). The recruitment process of the CFO was finalized at the third quarter of 2019/20.

Capacity building programs were rolled out for both councilors and officials namely, project. The municipality continued with its partnership with SETAs for provision of internships.

T 3.26.7

3.27 INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

INTRODUCTION TO INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

The municipality has a standalone ICT unit although not fully fledged. The ICT infrastructure is currently not functioning to its maximum performance due to budget constraints and limited capacity of the institution, however some, improvement initiatives have been undertaken.

T 3.27.1

SERVICE STATISTICS FOR ICT SERVICES

The municipality does have a standalone ICT unit although not fully fledged. The Unit relies on service providers for financial systems (Promun and PayDay), and our personnel is able to handle other ICT matters with full support from O.R. Tambo District Municipality. The ICT infrastructure is currently not functioning to its maximum performance due to budget constraints and instability of the institution, however, Improvement opportunities has been done.

T 3.27.2

Chapter 3

A preliminary assessment has identified the following opportunities on ICT unit.

Areas	Achievements	Comments
➤ Telephone system	Partially	Not billing, due to the absence of a billing gadget. It will be completed by 2018/2019 financial year.
➤ Fibre Optic Cable	Achieved	Network fully operational
➤ Virtual Private Network	Partially	Virtual Private Network needs to be tested.
➤ ICT Steering committee.	Achieved	Needs to be re-established, some of its members left the institution.
➤ Emails	Non Operational	Malfunctioning Exchange Server, incomplete network project and absence of a firewall. The project could not be completed in time due to institutional instability that we have experienced. Project in progress, to be completed by 2018/2019 financial year.
➤ ICT Policies.	Operational	New policies were developed and reviewed the existing policies in 2018/2019 financial year but not approved.
➤ ICT Staff	Operational	Lack of skill, needs to be trained.

Chapter 3

Employees: ICT Services					
Task grade	Year -1	Year 0			
	Employees	Posts	Employees	Vacancies (fulltime equivalents)	Vacancies (as a % of total posts)
	No.	No.	No.	No.	%
0 - 3	0	0	0	0	0%
4 - 6	0	0	0	0	0%
7 - 9	0	0	0	0	0%
10 - 12	2	2	2	0	0%
13 - 15	0	0	0	0	0%
16 - 18	0	0	0	0	0%
19 - 20	0	0	0	0	0%
Total	2	2	2	0	0%

*Totals should equate to those included in the Chapter 4 total employee schedule. Employees and Posts numbers are as at 30 June. *Posts must be established and funded in the approved budget or adjustments budget. Full-time equivalents are calculated by taking the total number of working days lost (excluding weekends and public holidays) while a post remains vacant and adding together all such days lost by all posts within the same set (e.g. 'senior management') then dividing that total by 250 to give the number of posts equivalent to the accumulated days.*

COMMENT ON THE PERFORMANCE OF ICT SERVICES OVERALL:

The Municipality does not have a fully-fledged ICT unit but has improved a lot using the limited resources. We have since sought assistance from O.R. Tambo ICT unit because of limited capacity. The municipality managed to revamp its ICT infrastructure on the following areas:

- (a) Network
- (b) Telephone system

T3.27.7

3.28 PROPERTY; LEGAL; RISK MANAGEMENT AND PROCUREMENT SERVICES

INTRODUCTION TO PROPERTY; LEGAL; RISK MANAGEMENT AND PROCUREMENT SERVICES

Legal Services

Port St John's Municipality requested support from the District Municipality (O.R. Tambo) in the following areas; Internal Audit, Risk Management and Legal services because of limited internal capacity. The appointment of the Legal advisor was finalised in May 2019 and has been working in collaboration with the support received from the O.R. Tambo District Municipality.

Chapter 3

Risk Management

Risk Management has been a challenge due to the fact that the support from O.R. Tambo District Municipality was not active as expected. The Risk Committee was not fully functional as such there were no meetings held. Both operational and strategic registers were implemented but presented challenges remained the hindrance.

Procurement

Procurement plans were compiled by departments and consolidated into one institutional procurement plan. Bid Committee were appointed; procurement plans were not successfully implemented because of the shortage of staff at SCM. Most of the procurement was done during quarter three and four but some had to be moved to 2019/20 financial year.

T3.28.1

SERVICE STATISTICS FOR PROPERTY; LEGAL; RISK MANAGEMENT AND PROCUREMENT SERVICES

The Management of legal matters was done using O.R. Tambo support through Mqandisi attorneys. The Municipality procured three Trucks through transversal contract to increase the number of plant and machinery items which would help to improve the maintain aces services of roads. All the vehicles were delivered and are managed by fleet office under the Supply Chain Management. The Municipality has also purchased three immovable properties in a form of building. The Municipality also manages the building control around town and surroundings to ensure compliance with all relevant laws and regulations

T 3.28.5

Chapter 3

COMPONENT J: MISCELLANEOUS

INTRODUCTION TO MISCELLANEOUS

The Municipality has been longing to have the airstrip for landing of small Aircrafts. The project was supported by the Department of Transport but stalled. Attempts are in place to reactivate the project.

There are no Abattoirs in and around Port St John's, the area is only dependent to Umtata and Kokstad. So far there has not been any identified area where abattoir can be done.

Port St John's Municipality is surrounded by forests controlled by the Department of Forestry. Illegal cutting of protected trees was a challenge of which the stakeholders condemned.

COMMENT ON VACANCIES AND TURNOVER:
 Human Resources Manager, Public Participation Officer, Budget and Reporting Accountant, Income Accountant, Traffic offices, Building Control Officer, Free Basic Services clerk, Expenditure clerk, Salaries clerk, Budget and Reporting Clerk, Storeman positions are vacant, and the recruitment processes started in February 2020 but interrupted by the Covid -19 outbreak.

T 4.1.4

Chapter 4

COMPONENT B: MANAGING THE MUNICIPAL WORKFORCE

INTRODUCTION TO MUNICIPAL WORKFORCE MANAGEMENT

Workforce management is effective and this is informed by the fact that systems and policies are in place. Policies were last reviewed and adopted by the Council in June 2013, signed off and started operating with effect from 1st July 2013. The existing Policies have since been reviewed others developed during 2018/2019 financial year. Four Councillor Policies were developed and approved. The process of reviewing and developing new policies started but delayed by the consultation processes during the reporting year.

Total	1690		159	218	25.06	R722 880

* - Number of employees in post at the beginning of the year

*Average is calculated by taking sick leave in column 2 divided by total employees in column 5

T 4.3.2

Chapter 4

COMMENT ON INJURY AND SICK LEAVE:

There were no injuries reported generally during the period under review, sick leaves taken were more in the following departments generally, Community Services and Engineering, especially among lower level occupations and during December time. Steps were taken to prevent and reduce injuries, which included provision of protective clothing to workers. Reports on injuries are normally forwarded to Department of Labour as required by Occupational Health & Safety (OHS) Act.

T 4.3.4

Chapter 4

Number and Period of Suspensions				
Position	Nature of Alleged Misconduct	Date of Suspension	Details of Disciplinary Action taken or Status of Case and Reasons why not Finalised	Date Finalised
LED Officer	Alleged fraud & corruption	26/06/2019	Fraud & financial misconduct	Still in progress
SCM Manager	Alleged Financial Misconduct	11 March 2019	Investigation report was taken for review & not yet finalized	Still in progress
Public Safety Manager	Alleged Fraud & Corruption	02 July 2019	Financial Misconduct	Still in progress
				T.4.3.5

Disciplinary Action Taken on Cases of Financial Misconduct			
Position	Nature of Alleged Misconduct and Rand value of any loss to the municipality	Disciplinary action taken	Date Finalised
LED Officer	Alleged fraud & corruption	Fraud & financial misconduct	Still in progress
SCM Manager	Alleged Financial Misconduct	Investigation report was taken for review & not yet finalized	Still in progress
Public Safety	Alleged Fraud & Corruption	Financial Misconduct	Still in progress
			T 4.3.6

COMMENT ON SUSPENSIONS AND CASES OF FINANCIAL MISCONDUCT:
 There were three suspension/ cases or allegation of financial misconduct during the year 2019-2020. The matter is handled by external Attorneys and has not been finalised as the investigation is still underway.

T 4.3.7

Chapter 4

4.4 PERFORMANCE REWARDS

Performance Rewards By Gender					
Designations	Beneficiary profile				
	Gender	Total number of employees in group	Number of beneficiaries	Expenditure on rewards Year 1	Proportion of beneficiaries within group
				R' 000	%
Lower skilled (Levels 1-2)	Female	0	0	0	0%
	Male	0	0	0	0%
Skilled (Levels 3-5)	Female	0	0	0	0%
	Male	0	0	0	0%
Highly skilled production (levels 6-8)	Female	0	0	0	0%
	Male	0	0	0	0%
Highly skilled supervision (levels 9-12)	Female	0	0	0	0%
	Male	0	0	0	0%
Senior management (Levels 13-15)	Female	0	0	0	0%
	Male	0	0	0	0%
MM and S57	Female	0	0	0	0%
	Male	0	0	0	0%
Total		0			0%
Has the statutory municipal calculator been used as part of the evaluation process?					Yes/No
<p><i>Note: MSA 2000 S51 (d) requires that ... 'performance plans, on which rewards are based should be aligned with the IDP'... (IDP objectives and targets are set out in Chapter 3) and that Service Delivery and Budget Implementation Plans (developed under MFMA S69 and Circular 13) should be consistent with the higher level IDP targets and must be incorporated appropriately in personal performance agreements as the basis of performance rewards. Those with disability are shown in brackets '(x)' in the 'Number of beneficiaries' column as well as in the numbers at the right hand side of the column (as illustrated above).</i></p>					T 4.4.1

Chapter 4

COMMENT ON PERFORMANCE REWARDS:

Although there is a performance management system policy in place, performance management system has not yet been cascaded to the lower level of staff. The policy gaps were attended through policy review so as to enable the smooth running of the performance management. The reviewed policy has not been approved by Council, it was referred back for further consultation which is planned to be performed before financial year end but due to outbreak of COVID -19. The Municipality had no performance management framework, some work has been started to ensure that there is an approved framework.

T 4.4.1.1

COMPONENT C: CAPACITATING THE MUNICIPAL WORKFORCE

INTRODUCTION TO WORKFORCE CAPACITY DEVELOPMENT

Port St John's Local Municipality has a high illiteracy rate at 57% amongst low level employees, there is a skills gap identified in ABET/ Basic Literacy, followed by technical skills, Administrative Skills and Computer Literacy. These have been identified through submission of skills gaps from departments and processed by training Committee. Improvement made included regular compliance for annual submission of the Work Place Skills Plan and annual training report by Corporate Services department.

Challenges faced include limited budget and financial allocation for workforce capacity building and development

COMMENT ON SKILLS DEVELOPMENT AND RELATED EXPENDITURE AND ON THE FINANCIAL COMPETENCY REGULATIONS:

Skills audit was conducted and training implementation plan developed to accommodate training priorities. In addition, the departments continue to identify training needs in the course of the year where skills gaps are encountered. The available funds do not effectively cover all the training interventions/ bursaries identified.

Currently most finance officials and interns have been subjected to the competency related training as referred in the MFMA Competency Regulations.

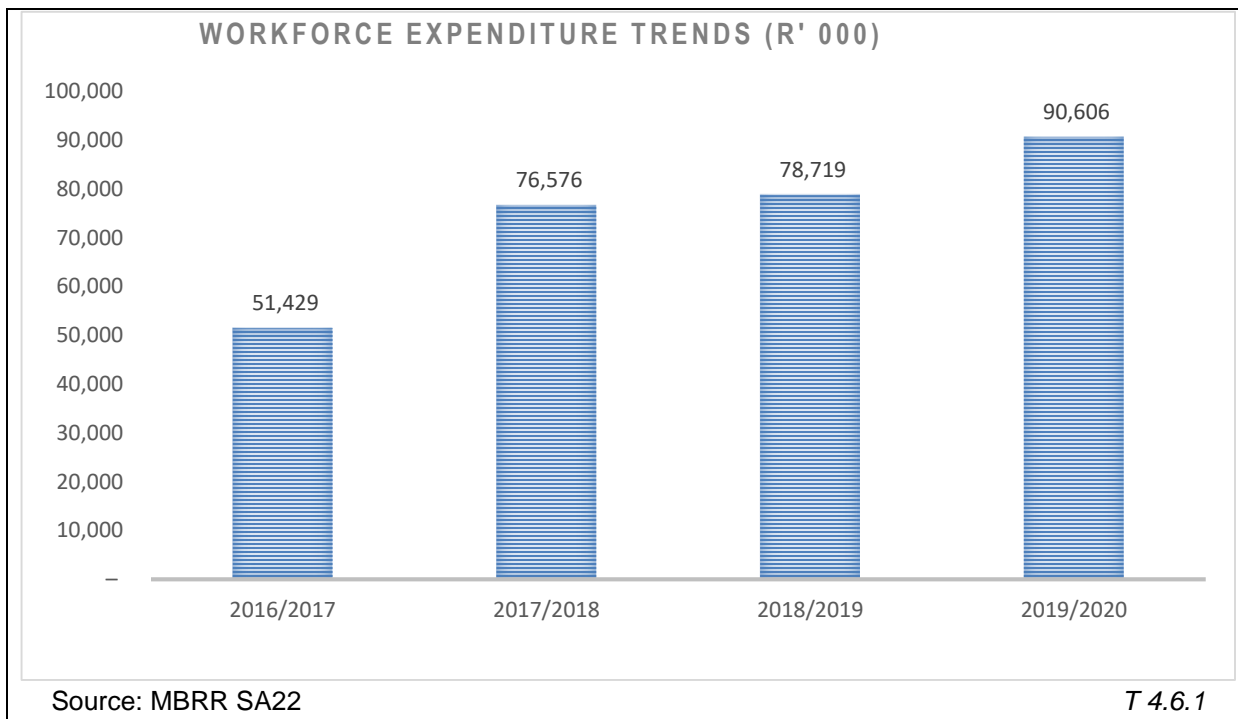

T 4.5.4

COMPONENT D: MANAGING THE WORKFORCE EXPENDITURE

INTRODUCTION TO WORKFORCE EXPENDITURE

The Employee Related Costs continue to rise with the expenditure sitting above 40% budget threshold as stipulated by the National Treasury. Controls on the expenditure include controls on overtime usage, limiting acting allowances, and freezing filling of other considered non- critical positions. The Council of 2015 took a resolution to prioritise only critical post as a measure to curb this increasing employee related costs. The move is informed by the fact that expenditure should be contained to allow monies to be released and utilised for service delivery issues. There are pressures to overspend wherein departments continue to recommend post for filling and requesting approval for filling, recommending working of overtime and Travelling allowance claims. T 4.6.0

4.6 EMPLOYEE EXPENDITURE

COMMENT ON WORKFORCE EXPENDITURE:

The Employee Related Costs continues to rise with the expenditure sitting 46% budget threshold as stipulated by the National Treasury. Controls on the expenditure include controls on overtime usage, limiting acting allowances, and freezing filling of other considered non-critical positions. The Council took a resolution in 2015 to prioritise only critical post as a measure to curb this increasing employee related costs. The move is informed by the fact that expenditure should be contained to allow monies to be released and utilised for service delivery issues. There are pressures to overspend wherein departments continue to recommend post for filling and requesting approval for filling, recommending working of overtime and travelling allowance claims.

T 4.6.1.1

n/a	n/a	n/a	n/a	n/a
n/a	n/a	n/a	n/a	n/a

T 4.6.4

COMMENT ON UPGRADED POSTS AND THOSE THAT ARE AT VARIANCE WITH NORMAL PRACTICE:

There were no upgraded posts in the municipality during the year under review. The Municipality's post on the current structure are still on job evaluation exercise to determine whether there are any to be upgraded. Currently, the Municipality is using the 2006 job evaluation results.

T 4.6.5

DISCLOSURES OF FINANCIAL INTERESTS

All councillors and officials disclosed their financial interest through signing of forms that are issued by SCM annually.

T 4.6.6

Chapter 5

CHAPTER 5 – FINANCIAL PERFORMANCE

INTRODUCTION

Chapter 5 contains information regarding financial performance and highlights specific accomplishments. The chapter comprises of three components: -

- Component A: Statement of Financial Performance
- Component B: Spending Against Capital Budget
- Component C: Other Financial Matters

T 5.0.1

COMPONENT A: STATEMENTS OF FINANCIAL PERFORMANCE

INTRODUCTION TO FINANCIAL STATEMENTS

INTRODUCTION

Chapter 5 contains information regarding financial performance and highlights specific accomplishments. The chapter comprises of three components:

Component A: Statement of Financial Performance
Component B: Spending Against Capital Budget
Component C: Other Financial Matters

Port St. Johns municipality was using Reliable Accountants for the preparation of Financial statements on a contract amount of R6 309 422 on a 3-year contract which is still in force.

T 5.0.1

COMPONENT A: STATEMENTS OF FINANCIAL PERFORMANCE

INTRODUCTION TO FINANCIAL STATEMENTS

The financial statements were prepared according to the GRAP standards. The municipality's financial position is healthy. The municipality is reliant on government grants however this does not affect its going concern.

T 5.1.0

Chapter 5

COMMENT ON CONDITIONAL GRANTS AND GRANT RECEIVED FROM OTHER SOURCES

The municipality receives Capital grants for infrastructure such as Municipal Infrastructure Grant (MIG), Integrated National Electrification Programme (INEP) and Small Town Revitalization (STR). Also there are operational Grants received by the municipality such as Financial management grant (FMG), and Expanded public works programme (EPWP).

5.3 ASSET MANAGEMENT

INTRODUCTION TO ASSET MANAGEMENT

The municipality adopts an integrated approach to asset management, taking the municipal strategy, converting that into an asset management strategy and producing plans based upon an analysis of service delivery options; formulating an asset management strategy consisting of detailed plans for acquisitions and replacements, operation and maintenance as well as disposals in terms of the municipality's policies; informing the Integrated Development Program (and revised Integrated Development Program) and then the annual budget, using the detailed plans; funding approved asset management plan appropriately through the budget; including in the Service Delivery and Budget Implementation Plan (SDBIP) the measurable objectives and targets of asset management plan and reporting on the performance of assets as measured in terms of service delivery based upon an approved Service Delivery & Budget Implementation Plan, budget and Integrated Development Plan. The Municipality has asset register that is compliant with GRAP standards.

T 5.3.1

Chapter 5

TREATMENT OF THE THREE LARGEST ASSETS ACQUIRED YEAR 2019/2020				
Asset 1				
Name	Bhuje Access Road			
Description	Access road for communities			
Asset Type	Roads Infrastructure			
Key Staff Involved	Engineering & Asset Management			
Staff Responsibilities	To monitor the construction of the road and management of the asset

Monitoring of work done				Year 2019/2020
				R 4 279 753
Capital Implications	Asset Capitalised under infrastructure assets			
Future Purpose of Asset	Access to communities			
Describe Key Issues	Access to communities			
Policies in Place to Manage Asset	Available			
<i>T 5.3.2</i>				

COMMENT ON ASSET MANAGEMENT:

Asset acquisition decisions are based upon the evaluation of alternatives, including demand management and non-asset solutions. Asset acquisition proposals that include a full business case, including costs, benefits and risks across each phase of an asset's life cycle.

Before approving a capital project in terms of MFMA 19 (1)(b) the council consider the projected cost covering all financial years until the project is operational and the future operational cost and revenue on the project including municipal tax and tariff implication.

T 5.3.3

Repair and Maintenance Expenditure: Year 2019/2020				
				R' 000
	Original Budget	Adjustment Budget	Actual	Budget variance
Repairs and Maintenance Expenditure	9174	6160	4345	29%
<i>T 5.3.4</i>				

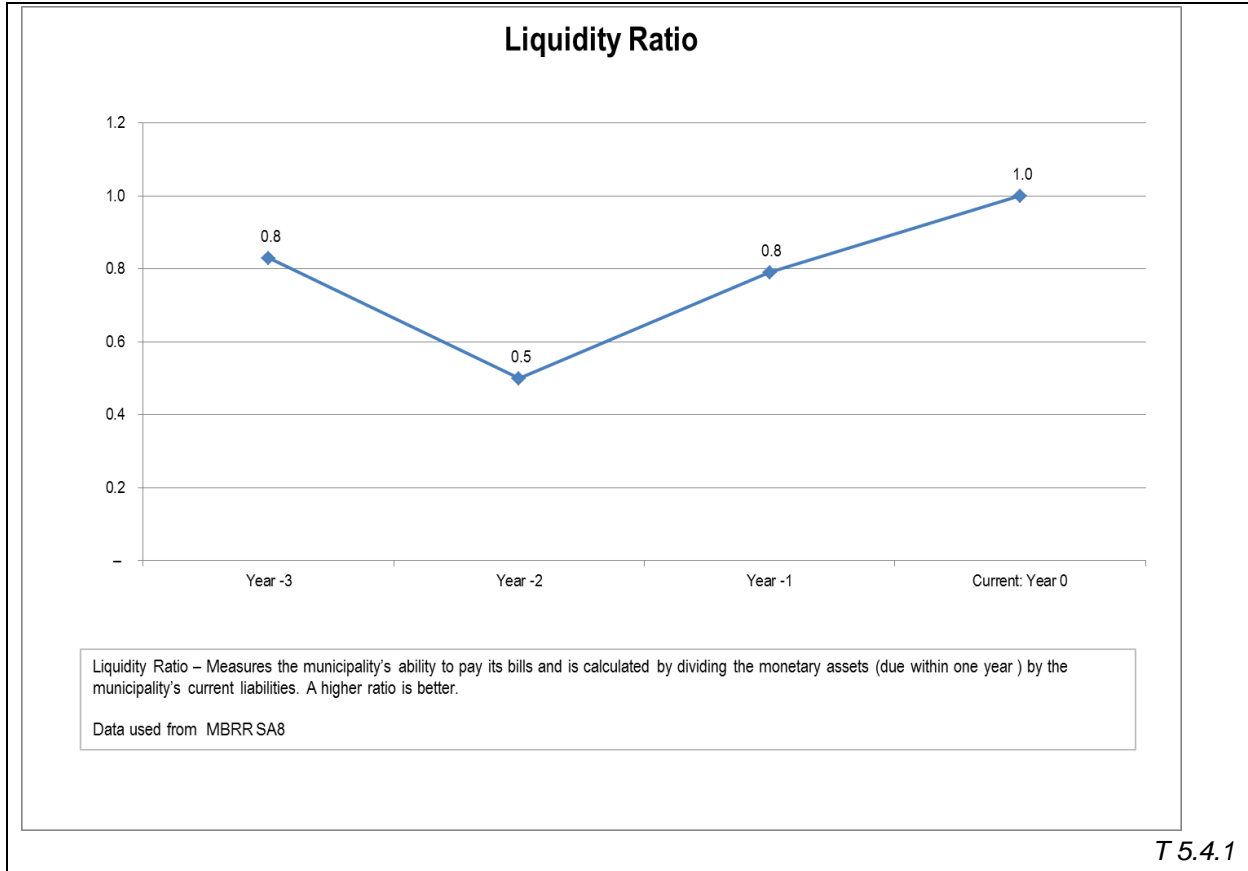

COMMENT ON REPAIR AND MAINTENANCE EXPENDITURE:

The Municipality has to budget an additional amount for the next financial year towards repairs and maintenance. Plant and Machinery were purchased during the reporting year and provision to maintain these has to be adequate to ensure minimum disruption of service delivery.

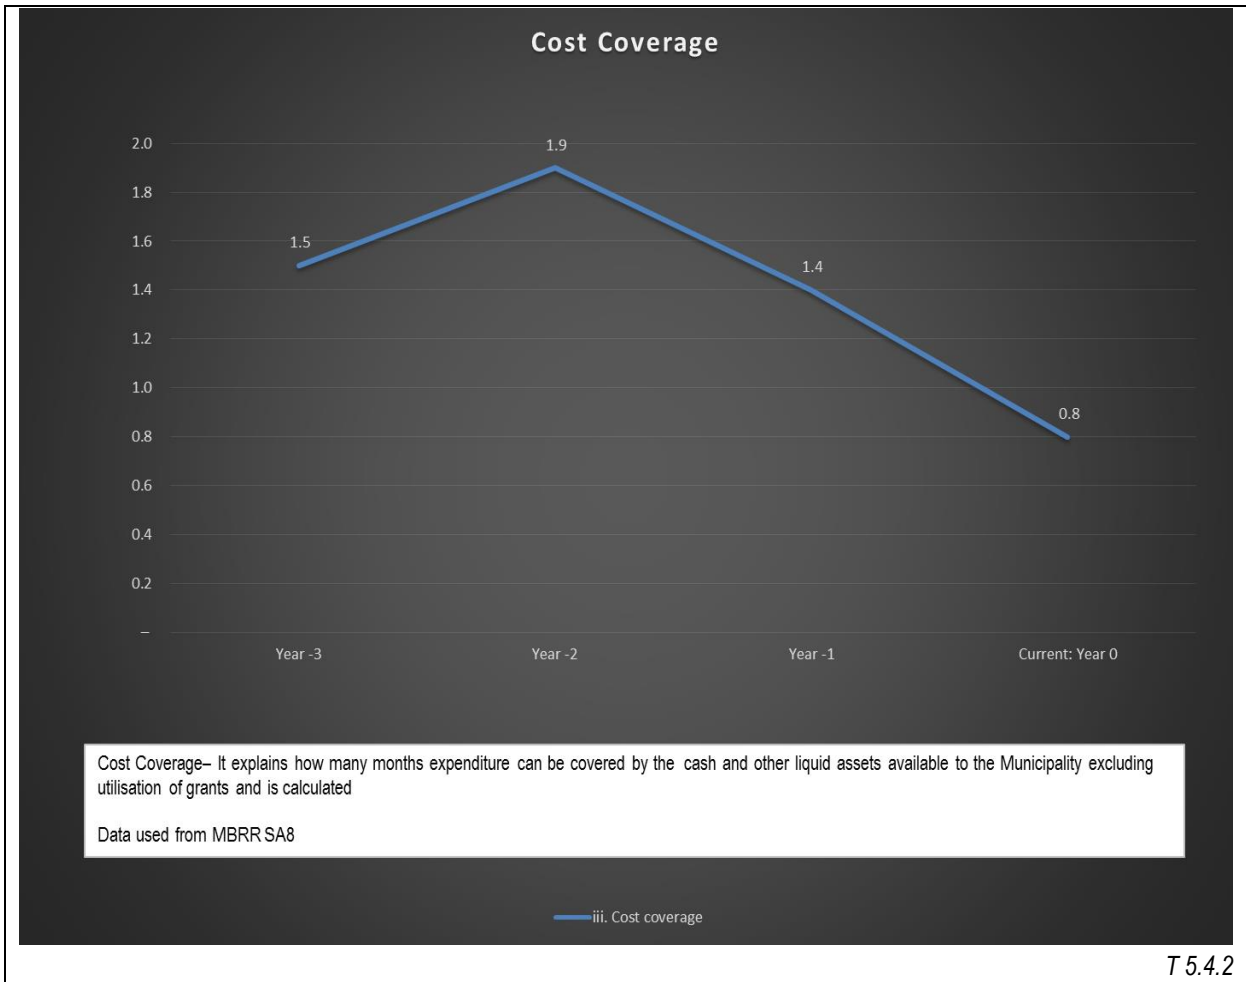

T 5.3.4.1

Chapter 5

5.4 FINANCIAL RATIOS BASED ON KEY PERFORMANCE INDICATORS

Chapter 5

Total Outstanding Service Debtors

Total Outstanding Service Debtors – Measures how much money is still owed by the community for water, electricity, waste removal and sanitation compared to how much money has been paid for these services. It is calculated by dividing the total outstanding debtors by the total annual revenue. A lower score is better.

T 5.4.3

Chapter 5

Debt Coverage

Debt Coverage— The number of times debt payments can be accommodated within Operating revenue (excluding grants) . This in turn represents the ease with which debt payments can be accommodated by the municipality

T 5.4.4

Creditors System Efficiency

Creditor System Efficiency – The proportion of creditors paid within terms (i.e. 30 days). This ratio is calculated by outstanding trade creditors divided by credit purchases

T 5.4.5

Chapter 5

Capital Charges to Operating Expenditure

Capital Charges to Operating Expenditure ratio is calculated by dividing the sum of capital interest and principle paid by the total operating expenditure.

T 5.4.6

Chapter 5

Employee Costs

Employee cost – Measures what portion of the revenue was spent on paying employee costs. It is calculated by dividing the total employee cost by the difference between total revenue and capital revenue.

T 5.4.7

Repairs & Maintenance

Repairs and Maintenance – This represents the proportion of operating expenditure spent and is calculated by dividing the total repairs and maintenance.

T 5.4.8

Chapter 5

COMMENT ON FINANCIAL RATIOS:

The municipality's ratios have increased in liabilities and assets and the increase in investments has increased the municipalities current assets compared to the previous year.

T 5.4.

COMPONENT B: SPENDING AGAINST CAPITAL BUDGET

INTRODUCTION TO SPENDING AGAINST CAPITAL BUDGET

Capital expenditure relates mainly to construction projects that will have value lasting over many years. Capital expenditure is funded from grants, borrowings and operating expenditures and surpluses. The municipality's capital expenditure is funded by grants and operation surpluses. The municipality spent all its allocated funds from municipal infrastructure grant

T 5.5.0

Delays	Court interdict for site camp
Future Challenges	None
Anticipated citizen benefits	Access to health, police station and schools around town
Mzintlava Access road	
Objective of Project	Access to Mzintlava school
Delays	None
Future Challenges	None
Anticipated citizen benefits	Learners access to school & village community to town
<i>T 5.7.1</i>	

COMMENT ON CAPITAL PROJECTS:

There is a need for additional funds to finance infrastructure backlogs within the municipality. The current infrastructure is unable to meet the needs of the communities.

T 5.7.1.1

5.8 BASIC SERVICE AND INFRASTRUCTURE BACKLOGS – OVERVIEW

INTRODUCTION TO BASIC SERVICE AND INFRASTRUCTURE BACKLOGS

Port St John's Local Municipality has a lot of backlog due to the fact that the area is rural and dependent on grants. The revenue is minimal which makes it difficult to sustain itself. In terms of housing needs, we have 22 000 backlog, 12 000 backlog on electrification, and 800km of roads backlog. The budget allocation for infrastructure does not meet expectations of the communities.

T 5.8.1

Chapter 5

Service Backlogs as at 30 June Year 2019/2020					
				Households (HHs)	
		*Service level above minimum standard		*Service level below minimum standard	
	No. HHs	% HHs		No. HHs	% HHs
Water	2500	95%		15000	51.00%
Sanitation	2500	95%		12000	15.00%
Electricity	2500	85%		12000	15.00%
Waste management	2500	95%		30000	95%
Housing	0	0		22000	60.00%

*% HHs are the service above/below minimum standard as a proportion of total HHs. 'Housing' refers to * formal and ** informal settlements.*

<p>* MIG is a government grant program designed to fund a reduction in service backlogs, mainly: Water; Sanitation; Roads; Electricity. Expenditure on new, upgraded and renewed infrastructure is set out at Appendix M; note also the calculation of the variation. Variances are calculated by dividing the difference between actual and original/adjustments budget by the actual.</p>						T 5.8.3

COMMENT ON BACKLOGS:

A three- year capital plan was developed to ensure proper implementation of projects. The applications of MIG funds for projects implementation are done in time to avoid any delays of approval process. We have since improved in our project spending and reporting without compromising quality of services provided.

T 5.8.4

Cash/cash equivalents at the year-end:	87,060	48,284	9,353	169,014
Source: MBRR A7				T 5.9.1

COMMENT ON CASH FLOW OUTCOMES

The municipality's cash flow statement shows that more funds were spent on operations than on investing activities. This is due to the fact that capital expenditure is funded by a grant which is very limited. A major part of revenue is from grants.

T 5.9.1.1

5.10 BORROWING AND INVESTMENTS

INTRODUCTION TO BORROWING AND INVESTMENTS

The municipality does not have any borrowings for the reporting period.

CHAPTER 6 – AUDITOR GENERAL AUDIT FINDINGS

INTRODUCTION

Note: The Constitution S188 (1) (b) states that the functions of the Auditor-General include the auditing and reporting on the accounts, financial statements and financial management of all municipalities. MSA section 45 states that the results of performance measurement... must be audited annually by the Auditor-General.

T 6.0.1

COMPONENT A: AUDITOR-GENERAL OPINION OF FINANCIAL STATEMENTS YEAR -1

6.1 AUDITOR GENERAL REPORTS YEAR -1 (2018/2019)

AUDITOR-GENERAL REPORT ON FINANCIAL PERFORMANCE: YEAR 1 (2018/2019)	
Audit Report Status*:	Qualified opinion
Non-Compliance Issues	Remedial Action Taken
Irregular expenditure	<ol style="list-style-type: none"> 1. Develop a monitoring tool for irregular expenditure. 2. Continuous preparation and maintenance of Unauthorised, Irregular and Fruitless Expenditure Register on a quarterly basis and table to Management Committee, through to Council, COGTA and AGSA. 3. Prepare Mid-year Financial Statements.
Employee related costs	<ol style="list-style-type: none"> 1. Reconstruction of the employee files by requesting employees to submit all outstanding documents, including the resigned employees. 2. Disciplinary processes will be instituted against all the employees resisting to submit the required information (suspension of pay). 3. The Speaker to take action in terms of code of conduct for Councillors not submitting the required information.
Receivables from non-exchange transactions	<ol style="list-style-type: none"> 1. Finalisation of the Valuation Roll. 2. Reconcile the age analysis as from its inception (Valuation Roll). 3. Engage service provider (R-Data) regarding the formula used on the system.
Payables from exchange transactions	<ol style="list-style-type: none"> 1. Reconstruction of the employee files by requesting employees to submit all outstanding documents. 2. Finalise leave records verification

Chapter 6

	exercise. 3. Prepare monthly leave reconciliation and report to MANCO on a monthly basis
General Expenses	<ol style="list-style-type: none"> 1. Appointment of service provider for VAT. 2. Extract all supplier's database and identify and distinguish suppliers who VAT registered and non-VAT vendor and update this on ProMun. 3. SCM will ensure all suppliers and orders created are specified whether its VAT supplier or not.
Property rates	<ol style="list-style-type: none"> 1. Finalisation of the Valuation Roll. 2. Reconcile the age analysis as from its inception (Valuation Roll). 3. Engage service provider (R-Data) regarding the formula used on the system.
<i>Note: *The report status is supplied by the Auditor General and ranges from unqualified (at best); to unqualified with other matters specified; qualified; adverse; and disclaimed (at worse)</i>	
	T 6.1.1

AUDITOR-GENERAL REPORT ON FINANCIAL PERFORMANCE: YEAR 0 (2019/2020)	
Audit Report Status*:	Qualification
Non-Compliance Issues	Remedial Action Taken
Irregular expenditure	<p>To revisit the entire population from 2010/2011 to 2019/20 financial years of Irregular Expenditure registers for restatement and submit to Auditor General South Africa (AGSA).</p> <ol style="list-style-type: none"> 2. Regular review of the general ledger 3. Continuous update of irregular expenditure, table to management committee & report to council. 4. Finalise the investigation of prior year irregular expenditure
Contingent Liabilities	<ol style="list-style-type: none"> 1. Regular update of the litigation register. 2. Signing of Service level agreements with legal firms appointed in the panel and include audit clause. 3. Close monitoring of the legal services panel.
Property rates	1. Monitor implementation of the valuation roll
General Expenses	1. All Expenses will be classified based on their nature and not function
<i>Note: *The report status is supplied by the Auditor General and ranges from unqualified (at best); to unqualified with other matters specified; qualified; adverse; and disclaimed (at worse)</i>	
	T 6.1.1

Chapter 6

COMPONENT B: AUDITOR-GENERAL OPINION YEAR 0 (2019/2020)

6.2 AUDITOR GENERAL REPORT YEAR 2019/2020

AUDITOR GENERAL REPORT ON THE FINANCIAL STATEMENTS: YEAR 0

Auditor Generals audit report is attached;

COMMENTS ON AUDITOR-GENERAL'S OPINION YEAR 0:

Port St Johns Municipality received a qualification audit opinion with findings as compared to the previous year (year 1), however more commitment is required to improve internal control in order to obtain unqualified audit.

COMMENTS ON MFMA SECTION 71 RESPONSIBILITIES:

Section 71 of the MFMA requires municipalities to return a series of financial performance data to the National Treasury at specified intervals throughout the year. The Chief Financial Officer states that these data sets have been returned according to the reporting requirements.

Signed: Chief Financial Officer (CFO)

28/05/2021

Glossary

GLOSSARY

Accessibility indicators	Explore whether the intended beneficiaries are able to access services or outputs.
Accountability documents	Documents used by executive authorities to give “full and regular” reports on the matters under their control to Parliament and provincial legislatures as prescribed by the Constitution. This includes plans, budgets, in-year and Annual Reports.
Activities	The processes or actions that use a range of inputs to produce the desired outputs and ultimately outcomes. In essence, activities describe “what we do”.
Adequacy indicators	The quantity of input or output relative to the need or demand.
Annual Report	A report to be prepared and submitted annually based on the regulations set out in Section 121 of the Municipal Finance Management Act. Such a report must include annual financial statements as submitted to and approved by the Auditor-General.
Approved Budget	The annual financial statements of a municipality as audited by the Auditor General and approved by council or a provincial or national executive.
Baseline	Current level of performance that a municipality aims to improve when setting performance targets. The baseline relates to the level of performance recorded in a year prior to the planning period.
Basic municipal service	A municipal service that is necessary to ensure an acceptable and reasonable quality of life to citizens within that particular area. If not provided it may endanger the public health and safety or the environment.
Budget year	The financial year for which an annual budget is to be approved – means a year ending on 30 June.
Cost indicators	The overall cost or expenditure of producing a specified quantity of outputs.
Distribution indicators	The distribution of capacity to deliver services.
Financial Statements	Includes at least a statement of financial position, statement of financial performance, cash-flow statement, notes to these statements and any other statements that may be prescribed.
General Key performance indicators	After consultation with MECs for local government, the Minister may prescribe general key performance indicators that are appropriate and applicable to local government generally.
Impact	The results of achieving specific outcomes, such as reducing poverty and creating jobs.
Inputs	All the resources that contribute to the production and delivery of outputs. Inputs are “what we use to do the work”. They include finances, personnel, equipment and buildings.
Integrated Development Plan (IDP)	Set out municipal goals and development plans.

Glossary

National performance areas	<p>Key</p> <ul style="list-style-type: none"> • Service delivery & infrastructure • Economic development • Municipal transformation and institutional development • Financial viability and management • Good governance and community participation
Outcomes	The medium-term results for specific beneficiaries that are the consequence of achieving specific outputs. Outcomes should relate clearly to an institution's strategic goals and objectives set out in its plans. Outcomes are "what we wish to achieve".
Outputs	The final products, or goods and services produced for delivery. Outputs may be defined as "what we produce or deliver". An output is a concrete achievement (i.e. a product such as a passport, an action such as a presentation or immunization, or a service such as processing an application) that contributes to the achievement of a Key Result Area.
Performance Indicator	Indicators should be specified to measure performance in relation to input, activities, outputs, outcomes and impacts. An indicator is a type of information used to gauge the extent to which an output has been achieved (policy developed, presentation delivered, service rendered)
Performance Information	Generic term for non-financial information about municipal services and activities. Can also be used interchangeably with performance measure.
Performance Standards:	The minimum acceptable level of performance or the level of performance that is generally accepted. Standards are informed by legislative requirements and service-level agreements. Performance standards are mutually agreed criteria to describe how well work must be done in terms of quantity and/or quality and timeliness, to clarify the outputs and related activities of a job by describing what the required result should be. In this EPMDS performance standards are divided into indicators and the time factor.
Performance Targets:	The level of performance that municipalities and its employees strive to achieve. Performance Targets relate to current baselines and express a specific level of performance that a municipality aims to achieve within a given time period.
Service Delivery Budget Implementation Plan	Detailed plan approved by the mayor for implementing the municipality's delivery of services; including projections of the revenue collected and operational and capital expenditure by vote for each month. Service delivery targets and performance indicators must also be included.

Glossary

Vote:	<p>One of the main segments into which a budget of a municipality is divided for appropriation of money for the different departments or functional areas of the municipality. The Vote specifies the total amount that is appropriated for the purpose of a specific department or functional area.</p> <p>Section 1 of the MFMA defines a “vote” as:</p> <p><i>a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and</i></p> <p><i>b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned</i></p>

DSRAC Provincial	550,000.00	550,000.00	215,000.33	61%	61%	Provide assistance in Libraries
Extended public works programme (Department of Transport)	3,000,000.00	3,000,000.00	1,048,663.58	65%	65%	Payment of material for Mthumbane slab
Eradication of alien Plant	3,000,000.00	3,000,000.00	2,999,721.94	0%	0%	Payment of material and Protective clothing for Eradication of alien Plant
Total	53,429,000.00	72,557,926.00	58,549,587.75	-10%	19%	

* This includes Small town revitalization Grant, Integrated National Electrification programme Grant and any other grant excluding Municipal Infrastructure Grant (MIG) which is dealt with in the main report, see T 5.8.3. Variances are calculated by dividing the difference between actual and original/adjustments budget by the actual. Obtain a list of grants from national and provincial government.

TL

COMMENT ON CONDITIONAL GRANTS EXCLUDING MIG:

Port St Johns municipality received other conditional capital grant/s except the Municipal Infrastructure grant (MIG), which is Integrated National Electrification programme and Small town revitalization; however, we can appreciate if more can be availed to unlock service delivery backlog.
